

DEMOCRATS VICTORIOUS IN NEW YORK

HYLAN ELECTED MAYOR BY A LARGE PLURALITY

CARRIES WITH HIM ENTIRE DEMOCRATIC CITY TICKET

The feature of the elections in the United States yesterday was the apparently assured victory for woman suffrage in New York State by a majority of approximately 40,000. While the suffragists were winning in the east, early returns from Ohio indicated defeat for them in that state.

Ohio and New Mexico voted on prohibition. Incomplete returns from Ohio showed that the contest in that state was close with the wets leading by a small margin. The prohibitionists evidently had carried New Mexico.

The entire Republican state ticket, headed by Governor Samuel W. McCall won an overwhelming victory in Massachusetts while the Democratic state ticket headed by Westmoreland Davis for Governor was successful in Virginia.

Interest in the municipal elections centered on New York, where John F. Hylan, Democrat, defeated Mayor John P. Mitchell, candidate for re-election, by a plurality of more than 140,000. The entire Tammany city ticket also was elected. The Socialist vote showed a gain of more than 400 per cent over that cast in the municipal campaign four years ago.

The bi-partisan judicial ticket in Chicago defeated by a plurality estimated at 80,000 the Socialist candidates standing on an anti-war platform.

The attempt of Senator Penrose backing the so-called town meeting candidates to oust the Vare Brothers from control in Philadelphia on the face of the returns up to mid-night appears to have been successful but at that hour both sides were claiming victory.

William A. Magee, former mayor of Pittsburgh, seemingly was defeated by E. V. Babcock, a wealthy business man. Both are Republicans. Harry L. Davis, Republican, was re-elected mayor of Cleveland. Charles W. Jewett, Republican, was chosen mayor of Indianapolis. By electing George W. Smith mayor of Louisville, the Republican party in that city scored their first victory in ten years. John Galvin, Republican, was chosen mayor of Cincinnati.

George F. Buck, Republican, defeated Louis Fuhrmann, the incumbent for mayor of Buffalo. Hiram H. Edgerton, Republican, was elected mayor of Rochester and Walter R. Stone, Republican, mayor of Syracuse.

Schuyler Merritt, Republican, was elected to Congress from Connecticut to fill the vacancy caused by the death of Ebenezer J. Hill, Republican. Morten L. Lewis, Republican, was re-elected attorney general of New York state.

NEW YORK, Nov. 6.—John F. Hylan, a county judge of Kings county, was elected mayor of New York today by a plurality of more than 140,000. He carried with him the entire Democratic city ticket.

The indications are that the Democrats will have a majority in the board of estimates, which controls the expenditure of the city funds.

Mayor John P. Mitchell who sought re-election as a Fusion candidate, also not formally nominated by any party, was a poor second in the race. With only 72 districts missing in the Greater City the vote for mayor was: Bennett (R.) 51,958; Hylan (D.) 238,435; Hillquit (Sec.) 134,890; Mitchell (Fusion), 145,450. Hylan's plurality over Mitchell was 142,976. Mitchell's lead of Hillquit was 10,569.

From the time the returns were received from the first one hundred districts the result never was in doubt. It was evident Hylan had scored an overwhelming victory and again brought control of the city administration into the hands of Tammany Hall.

Most of the newspapers which had supported Mitchell and that included all in the city except those owned by William R. Hearst, conceded Hylan's election before 7 o'clock.

Hillquit was the first of the unsuccessful candidates to admit his defeat. The Republican county committee announced at 7:30 that Hylan undoubtedly had been elected.

Judge Hylan's first act after being assured of his election was to make this statement: "The people and not the corporate interests will rule for the next four years. The result is a justification of the fight we have made for honesty, efficiency and economy in the public service. That was the sole issue on which the election was decided."

"I want to make it plain to the world that there was no issue of Americanism or loyalty involved, so far as I am concerned."

"My first utterance in this campaign in response to a question put by a reporter was that I stood uncomprehendingly behind the president in support of the acts and policies of my country and that the war must be fought to a conclusion which would bring an honorable peace to

BULLETINS

CINCINNATI, O., Nov. 7.—Shortly before 1 o'clock the anti-Prohibition vote took a slight jump and with 4346 precincts out of 5756 they had a majority of 8,378, the vote being:

For 384,042
Against 392,320

ALBUQUERQUE, N. M., Nov. 6.—Ninety-two precincts out of 638 in New Mexico gave for prohibition 9,168; against 4,349.

CLARKSBURG, W. Va., Nov. 6.—The commission form of municipal government was adopted by the city of Clarksburg today by a vote of 2,852 for to 760 against.

BALTIMORE, Md., Nov. 7.—Maryland voted yesterday for state comptroller, one half of the state senate membership and a full house of delegates. Indications at one o'clock this morning were that Hugh A. McMullen, Democrat, would be re-elected comptroller by a small plurality.

The Republicans will control the house of delegates. The state senate will be thirteen Republicans and fourteen Democrats.

SAN JOSE, Cal., Nov. 6.—San Jose voted saloons out of existence today by a majority of 1,547 and as a result 78 saloons will close their doors on January 1, 1918. Wholesale liquor houses will be permitted to continue to run subject to certain restrictions.

Trenton, N. J., Nov. 6.—Latest returns indicate that local optionists have won a victory in New Jersey. Additional figures from Essex county, which includes the city of Newark, show that the Republicans have elected their assembly ticket, assuring the passage of the local option bill. Both senate and house probably will be Republican.

INDIANAPOLIS, Nov. 6.—Complete unofficial returns from Indianapolis show that Charles W. Jewett (Republican) was elected mayor by plurality of 3,578. The vote was:

Jewett 21,057
Miller (Dem.) 12,131
Shank (Home Rule) 17,479

CINCINNATI, O., Nov. 7.—Returns early today from 3,599 precincts out of 5,756 give:

For residential suffrage 250,516
Against 354,954
This probably assures defeat of presidential woman suffrage

PLENTY OF TURKEYS FOR THANKSGIVING

Washington, Nov. 6.—A plentiful supply of Thanksgiving turkeys at reasonable prices was promised the American people today by the food administration. Stocks on hand in cold storage houses are large and the food administration will require their sale under provisions of the food control act which prevents hoarding. With a larger volume of the product going on the market for sale, it was announced, consumers may soon look for an abundant supply at reasonable prices.

TO MAN TRANSPORTS WITH NAVAL CREWS

WASHINGTON, Nov. 6.—In preparation for the manning of all army transports with naval crews, the navy department today began special efforts to recruit and train men for fire room services. Physical ability to stand the work is the only qualification required.

Maximum speed is required for all vessels passing thru the war zone and a full head of steam must be kept up constantly.

300,000 RUSSIANS STRIKE

Petrograd, Nov. 6.—Three hundred thousand workmen in the district of Ivanovo-Voznesensk have gone on strike. The town is one of the chief centers of the Russian cotton industries of the Russian cotton industry.

REPUBLICAN STATE TICKET IS ELECTED

Party Maintains Control of Massachusetts Legislature.

BULLETIN.
Boston, Nov. 6.—Revised figures of the state complete in today's election give governor Samuel W. McCall for re-election 226,404; Frederick W. Mansfield, Democrat, 135,845.

For Lieutenant Governor—Calvin Coolidge, Republican, 223,433; Matthew Hale, Democrat 121,477. McCall's lead was 90,559 and Coolidge's, 101,956.

Boston, Nov. 6.—The Republican state officers were re-elected overwhelmingly today. Republicans maintained control of the legislature. The anti-aid amendment to the constitution, prohibiting the appropriation of public funds to institutions not under state control was indorsed by a big majority. With sixty three precincts unreported at 11 o'clock tonight, Governor Samuel W. McCall had a lead over Frederick W. Mansfield, Democrat of 83,637. Calvin Coolidge, for lieutenant governor led Matthew Hale the candidate of the Democrats, Progressives and Prohibitionists by a still higher figure, 94,854.

The figures are:

McCall 211,973
Mansfield 128,236
Coolidge 209,238
Hale 114,384

W. W. Lufkin, Republican, defeated George A. Schofield, Democrat in the sixth congressional district for the seat formerly occupied by August P. Gardner.

U. S. SOLDIERS ABANDON WIDE BRIMMED HATS

In Their Place Hats Like the Fatigue Headgear of the French Have Been Adopted.

American Training Camp in France, Nov. 6.—By The Associated Press.—The wide brimmed campaign hats have been abandoned by the United States army for troops actually in the field. In their place hats like the fatigue headgear of the French army have been adopted. Numbers of them have been purchased and hurried to the troops now in the trenches. The new hat is a sort of fore and aft arrangement made by sewing two heavy pieces of khaki cloth together with the seams front and back and adding to the sides other pieces of material which fold up on the side of the hat or may be drawn down to cover the ears. The hat is most comfortable. It also can be rolled up to pocket size or worn under shrapnel helmets. The old campaign hat was cumbersome to fold for troops in the field and officers recommended a change. It was so unwieldy that some of the troops discarded it entirely when they were changing to the shrapnel helmet.

The campaign hat is still worn at billets and in barracks but many officers are recommending its complete abandonment on the ground that it was designed for service in tropical countries and is unsuited for operations under present conditions.

U. S. HOPE TO REACH AGREEMENT WITH DUTCH

WASHINGTON, Nov. 6.—An early agreement between the United States and Holland on the disposal of Dutch tonnage in American ports was seen here today in the release by the war trade board of the Dutch Steamer Nieuw Amsterdam for a return trip across the Atlantic.

The vessel will leave an American port shortly carrying a cargo of package freight for Holland, ten thousand tons of corn for Belgian relief and several hundred Dutch refugees as passengers. Wire cable badly needed for the operations of Dutch coal mines will make up a part of her cargo.

Licenses for the Nieuw Amsterdam were held up by the American authorities when the Dutch government refused to give assurances that she would not be interned for safety as soon as she reached the other side. In the negotiations that followed the American government refused to recede from its position and finally the Dutch yielded.

HOPE TO CONSERVE TINPLATE SUPPLY

Washington, Nov. 6.—To conserve the tinplate supply for use in putting up perishables the food administration today issued an order forbidding the canning of dried beans and dried peas without a special government permit. These two commodities it is held, can be marketed in large measure just as well without canning.

The shortage in seed peas and dried peas prompted the food administration today to forbid entirely the canning of soaked peas.

WILL NOT PERMIT SPECULATION

Washington, Nov. 6.—Speculative prices for seed peas for planting canners' crops will not be permitted by the food administration. Although the outlook for seed for the 1918 planting is not encouraging, excessive prices on spot offerings are not warranted, said a food administration official today.

VENICE IMPORTANT CENTER

Amsterdam, Nov. 6.—Commenting on the Austro-German advance in the direction of Venice, the semi-official Berlin news agency prepares the famous art center. It contends that Venice has developed into an important center of war industries.

SUFFRAGE LEADS IN ELECTION IN NEW YORK STATE

Partial Returns Would Indicate Possibility of Suffrage Victory

BULLETIN.
New York, Nov. 7.—Woman suffrage was carried in New York State in yesterday's election.

At 2:15 a. m. today returns from two-thirds of the election districts in the state gave a suffrage plurality of 57,500.

If this ratio should be maintained in the districts unreported at that hour the majority in favor of the enfranchisement of women would be approximately 86,000.

NEW YORK, Nov. 6.—The possibility that Votes for Women had become a reality in the state was the feature of today's state election on the basis of returns received up to 11 P. M. At that hour 2,205 election districts out of 5,772 in the state showed these results:

For Suffrage 228,487
Against 210,382

These returns showed an average plurality of eight votes for suffrage in each of the districts reporting. This proportion should be maintained by the districts unreported woman suffrage would be carried by a plurality of more than 40,000.

The election of Merton E. Lewis, Republican candidate for attorney general, seemed assured on the basis of the returns of 3,617 election districts in all sections of the state, showing that he had polled 435,506 votes, compared with 382,871 for his Democratic opponent, Devoe P. Hodson and 132,272 for S. John Block, Socialist. Lewis' average plurality in each district was 14 and if his ratio should continue until all returns are in his plurality will be approximately 89,000.

Update returns received up to 11 P. M. showed no change in the complexion of the legislature. At that hour, however, the count in assembly vote had just been begun in New York City and any departure from the 1917 line of 99 Republicans, 49 Democrats and two Socialists would have to be made in this city.

NATIONAL BANK SYSTEM GROWS

WASHINGTON, Nov. 6.—Growth of the national bank system under stimulation of war conditions was shown today by a report of comptroller Williams, that during the four months ending with October, sixty-two national banks were chartered with a capital of \$5,145,000 as compared with forty-nine charters granted during the corresponding period last year to banks with an aggregate capital of \$3,025,000.

During the last four months 45 national banks increased their capital stock by \$6,180,000 as compared with 39 banks increasing their capital by \$7,832,000 in the same period of 1916. There were no reductions of capital.

BARRED ZONE MAY BE DECLARED

NEW YORK, Nov. 6.—As the result of the many fires along the Brooklyn water front and also in other coast cities an order declaring all territory within one hundred miles of the coast line of the United States a barred zone is expected by local federal officials to be issued within a few days.

Such an order would force Germans out of Atlantic Coast States and would affect thousands of Germans who have lived in big German centers like New York for years but who failed to forewear the fatherland.

It is estimated that more than 600,000 enemy aliens would be affected.

WILL NOT COME TO U. S. TO CONFER WITH HOOVER

London, Nov. 6.—A report printed today that Major Sir Arthur H. Lee, director general of food production would shortly go to the United States to confer with Herbert C. Hoover and other American officials with reference to food supplies, brought a denial from Sir Arthur.

"Neither I nor any other officer of the food department is going to the United States," the director general told the Associated Press.

WILSON VOTES AT PRINCETON

Washington, Nov. 6.—President Wilson left today for Princeton, N. J. to vote in the local election, planning to return here immediately afterward. It was his first visit to his home since last summer.

The president was accompanied by Mrs. Wilson, Secretary Tumulty and Rear Admiral Grayson, his physician.

War News Summarized

In a great arc more than 160 miles in length the Italian armies are falling back upon and thru the plains of Venetia to a new and shorter line of defense.

From the Fella Valley to the head of the Adriatic sea the entire line of the Tagliamento river has been given up by General Cadorna, while from virtually the border of Trentino northeastward and eastward thru the Dolomites and the Carnic Alps to the Fella the northern army is carrying out a retrograde movement southward thru the mountainous country toward the plains. The Germans and Austro-Hungarians everywhere are following up the Italians in their retreat but with the Italians offering resistance in rear guard actions along the entire front.

Meanwhile the British forces in Belgium have won another notable victory over the Germans in the region of Ypres having captured, in one of their intrepid dashes, after a rain of shells of all calibers the town of Passchendaele, about five miles west of Roulers, for which much bitter fighting has taken place recently.

The new advance of the British throws the apex of their salient in dangerous proximity to Roulers the fall of which would cut Germany's communication from her submarine base at Ostend and Zeebrugge with the south. The indications from the meager advices thus far to hand are that the Canadians who do the brunt of the operation, extended their line 800 yards beyond Passchendaele. Numerous German prisoners were taken.

The decision of the Italians to evacuate the Tagliamento line was taken after the enemy had intensified his pressure along the upper reaches of the river in the highlands and pushed forces across the stream in the center and to the south. The movement compelled a simultaneous withdrawal along the northern front from the Fella valley to Colbricon.

Apparently the main Austro-German forces are not in close contact with the retreating Tagliamento army, for the German official statement says the retreat is indicated by conflagrations over the line of retirement. No claim is made by the Germans of Italians having been made prisoner. On the plains the Italian cavalry is doing the same effective work it did in retarding the enemy during the first eight days of the retreat from the Isonzi when it held the Teutonic advance guards and permitted General Cadorna to bring his forces to the west bank of the stream virtually intact except for his losses in men and guns during the first made rush. The morale of the Italians at present is declared to be splendid. The probability now seems to be that General Cadorna, in falling back has the double purpose of shortening his battle front from approximately 150 miles to slightly more than 60 miles along the Piave river east of Venice and northwesterly to the Treviso boundary—and giving British and French reinforcements the opportunity to arrive in sufficient numbers to check the invaders.

On the other battle fronts the operations have been of a minor character with artillery duels predominating.

CAVALRY OFFICERS TO BE RE-COMMISSIONED

CAMP DODGE, Ia., Nov. 6.—Cavalry reserve officers at this institution will be re-commissioned and assigned to the infantry or artillery branch of the National Army, under orders received today from the war department.

It was said that similar orders had been sent to all national army cantonnements, and if this is the case, officers here see the elimination of the cavalry branch from the national army.

One hundred thirty cavalry officers here, commissioned with the close of the first training camp at Fort Snelling, Minn., are affected by the order. Each officer will be permitted to select the branch he wishes to be transferred to.

The officers will cease to be in the reserve corps, where their term of enlistment is for five years, and will be assigned to the infantry or artillery branch for the duration of the war.

300,000 PAIRS OF RUBBER OVERSHOES

Washington, Nov. 6.—Every manufacturer of rubber overshoes in the country met today with an auxiliary committee of the council of national defense and agreed to turn over to the government for the army the entire output of four-buckle arctic from now until Jan. 5. This will mean a total of about 300,000 pairs. Orders for rubber hip boots had been placed previously.

WILSON VOTES AT PRINCETON

Washington, Nov. 6.—President Wilson left today for Princeton, N. J. to vote in the local election, planning to return here immediately afterward. It was his first visit to his home since last summer.

The president was accompanied by Mrs. Wilson, Secretary Tumulty and Rear Admiral Grayson, his physician.

ALCEDO SUNK BY U-BOAT

One Officer and Twenty Enlisted Men Missing; Ship Sank in Four Minutes

FIRST AMERICAN WAR VESSEL TO GO DOWN

WASHINGTON, Nov. 6.—The American Patrol Boat Alcedo was torpedoed and sunk by a German submarine in the war zone early on Monday morning and one officer and 20 enlisted men are missing.

The Alcedo a converted yacht carried a crew of seven officers and 85 men.

The navy department announced the disaster tonight in this statement:

"The navy department has been advised by vice-Admiral Sims that 1:30 a. m., Nov. 5, the American patrol boat Alcedo, a converted yacht was torpedoed and sunk by a German submarine in the war zone. One officer and twenty men are missing. The ship sank in four minutes after being struck. Several vessels are searching for possible survivors at the time the report was made. The Alcedo carried a crew of seven officers and 85 men."

The Casualty List.

The Navy Department announced that the following members of the Alcedo's crew were still unaccounted for:

Lieutenant (Junior grade) John T. Melvin, father Bishop Stewart Melvin, of Selma, Ala.

E. R. Gozzett, seaman, mother, Mrs. A. G. Gozzett, Astoria, Long Island.

James J. Cleary, seaman, mother, Mrs. Albertina Cleary, White Plains, New York.

R. Wesche, seaman, mother, Mrs. E. Wesche, Brooklyn, N. Y.

E. R. Riker, mother, Mrs. Harry E. Riker, Brooklyn, N. Y.

W. R. Holler, seaman, mother Mrs. K. Holler, Richmond Hill, New York City.

J. W. Brunkhardt, seaman, mother, Mrs. E. Brunkhardt, Brooklyn, N. Y.

W. U. Surratt, seaman, mother, Mrs. W. D. Witt, North Fork Va.

W. W. Smock, father, D. R. Smock, Des Moines, Ia.

S. J. Towle, seaman, mother, Mrs. Mary Vanderwall, Jamaica, L. I.

J. R. Daniel, seaman, father, J. A. Daniel, Darlington, S. C.

H. A. Paciano, boilermaker, mother, Mrs. Theresa Paciano, Endicott, N. Y.

Frank W. Higgins, yeoman, (naval reserve) mother, Mrs. Bertha E. Higgins, Staten Island, New York.

Robert McCray, (colored) seaman, father, Caleb McCray, Charleston, S. C.

The Alcedo is the first American war vessel to go down in the war. The destroyer Cassin, on patrol duty, was torpedoed recently, but she made port safely with the loss of only one man.

No details of the engagement were given in the brief despatch announcing the yacht's loss.

Tammany and Hearst won handily in the New York election Tuesday. It is always such interests that gain power when the friends of good government are divided. It was a four cornered fight, a kind very much to the liking of Tammany.

F. J. Scholfield, Republican candidate for commissioner, made an excellent showing in the election Tuesday. Although he did not secure enough votes to give him the office, Mr. Wilson, the successful candidate, has made a record on the board which gave him few enemies and many friends, and he was therefore a formidable candidate. Altogether it was a clean spirited campaign with neither candidate using any methods for preferment which he would have occasion to regret after election day.

FIGHTING FIRE LOSS.

The fire losses in American cities each year are colossal but nevertheless people are learning many methods of fire prevention. In Springfield an ordinance has been passed prohibiting the further use of shingles. All roof material used in the capital city hereafter must be of metal, slate or some other non-combustible material. Now if someone would devise a plan for making "defective fires" safe the number of fires in Springfield will certainly show a great decline. The recorded cause of about fifty per cent of the fires in the average city is the "defective flue."

PROOF OF ATROCITY.

If there remain any people in America who believe that the U. S. has no business in this war they should read a recent statement of Dr. Henry Van Dyke, formerly minister to The Netherlands. In addressing a league for political education at Carnegie hall in New York Dr. Van Dyke had "Our Country's Conscience in the War" as his theme. The speaker exhibited one of the original medals struck off in celebration of the sinking of the Lusitania. It is a known fact that news of the sinking of the great ship, on which more than 200 Americans lost their lives, was the occasion of great rejoicing and public festival in more than one German city. The medal that Dr. Van Dyke exhibited bore a date two days earlier than the actual

sinking of the Lusitania, proving how diabolical was the crime. Planned in advance and with all preparations for the celebration, it is but another example of the absolute ruthlessness of German methods in this war.

PREPARING FOR THE CENTENNIAL.

The centennial commission may find it a somewhat difficult task to secure hearty co-operation in the proposed celebration of Dec. 3, 1917, as the 99th anniversary of the formal admission of the state into the union, and the beginning of the centennial year. That is an important date but the plans for the observance of the 100th anniversary are so well under way in many counties that the December observance will seem a little early for the centennial enthusiasm. The commission has a very effective organization which reaches out into most of the counties of the state. In some localities the preparations are further advanced than others, but 1918 will find all of the 102 counties ready to do their full part in the general centennial observance plans.

WOMEN WILL REGISTER TODAY.

This is the day set apart for the registration of women under the general direction of the Woman's committee of the Council of Defense. Governor Lowden several weeks since issued a proclamation calling on the women of the state to register. Acting in unison with other counties, the Morgan county committee has carried on a patriotic campaign to impress upon the women the importance of registration and the fact that the national and state governments are urging that a full record be secured. Indications continue to point to the unwelcome truth that this war will probably continue for an extended period. This certainly means that women will be needed for varied services and the principal point of registration is to secure information as to the assistance to be expected from women during the war period. From the registration cards the government will be able to secure this information and to effect an organization from the facts secured which will meet the needs.

ANOTHER WATER CRISIS.

Another water shortage is at hand in Jacksonville. At any rate the people cannot say that this condition has been deliberately planned by the city commissioners to force the passage of a bond issue for water betterments. No bond issue election is pending. Nevertheless the old question which time and discussion and money expenditure has not solved is pressing. Just about the only hopeful thing about the situation is the comforting argument advanced, that Jacksonville has been short of water many, many times and that at the crucial hour rain has come to relieve the situation. Verily the people of Jacksonville have great faith in Providence when it comes to water supply.

THE SAN FRANCISCO PLAN.

Cities throughout the country will watch with interest for opinions of the election machinery used in San Francisco yesterday. The new preferential system of voting was given a try-out and the system presents marked departures from the customary election methods. Under this plan each elector has three choices for each officer and no party names or designations appear upon the ballot. The law has at least one good point and that is that it does away with the necessity of primary elections. In San Francisco it is estimated that the abolishment of this primary has saved nearly \$70,000 and certainly that is a good point in these days when public and private economy are so much needed.

THE REVIVAL OF LETTER WRITING.

The increase in postage rates may revive what is sometimes said to be "the lost art of letter writing." This does not mean that the higher postage will likely increase the number of letters but rather will have a tendency to decrease the number and increase the length of friendly missives. The time was many years ago when people spent much more time over their correspondence than they do now. A letter from a friend or from home meant page after page of details of daily life given in conversational style, but in the hurry burly of business this manner of letter writing has given place to postcards and to more tersely worded letters. With the higher tendency toward economy with so much going on in the world, much of which is touching individual lives in a personal way, it will not be surprising if letter writing once more takes on

a more personal touch. It will not be a backward step, either, for it is not the best condition when business and business ways crowd out the old time personal relationships of daily life.

THE WOMAN NEW.

For woman's work, and woman's hand.
The testing time at last has come.
The gentlest of Columbia's land
She listened to the roll of drum
That summoned warriors overseas,
And struck for her the crucial hour
That called her from a life of ease,
"Come forth in all your womanly power."
'Tis woman's deft hand knoweth how
To bring the healing oil and balm,
To cool the fevered anguish brow
To still the pain, the spirit calm;
Come hold aloft the torch of light
Uncover hate and vice and greed,
Unwavering stand for law and right
And work wherever be the need.
Unto a better safer way
From paths that ever downward tend
'Tis yours to guide the feet that stray
And prove an ever loving friend."
Oh woman once we did thee wrong
We named thee false and weak and light,
But now with joy, another song
Rings out triumphant in the night;
And woman fair today we bow,
And bless thee, tender, strong and true.
Our wreaths we bring to crown the brow
Of woman brave, the woman new.

OUR COLLEGE MEN IN FRANCE.

(Chicago Post.)
Depleted classrooms at home testify to the exodus of the American college man. You will find him in France driving an ambulance, guiding an airplane, aiming a big gun or with one foot on the firing step, rifle in loophole, waiting a chance to get a boche.
Thousands of him are overseas, and many more are going. As early as last June men from Columbia, Cornell, Dartmouth, Harvard, Michigan, Pennsylvania, Princeton, Massachusetts Tech, Williams and Yale met in Paris and organized the American University Alumni Association in France. Yale men a month earlier had established the Yale bureau. Out of these two organizations has grown the American University Union in Europe "to meet the needs of American university and college men who are in Europe for military or other service in the cause of the allies."

The union has rented the Royal Palace Hotel, on the Place du Theatre Francais, in Paris, as domicile and headquarters. In this convenient location it has accommodations for 100 men, with every convenience and attractive rooms for lounging and social purposes. Here the man who is temporarily relieved from duty can find congenial surroundings and companionship at exceedingly moderate rates when the cost of fuel and food in Paris is considered. For 10 francs—about \$1.75 at current exchange—he can get a room with bath, or for 6 francs a room with running water. Lunch will cost him about 75 cents and dinner about \$1.00.

It is hoped the various bureaus representing American universities and colleges already organized or to be organized in France will make their headquarters at the union's hotel, and the union will co-operate with such agencies or, where necessary, act alone in obtaining information for friends and relatives concerning college men in war service, reporting on casualties, visiting the sick and wounded, giving advice and help and in every other way contributing to the greater safety and comfort of America's boys.

It is believed that the rentals of rooms will pay for the rental of the hotel, but a budget of \$50,000 a year is deemed requisite in order to provide for the other activities of the union. A London office is to be opened, and later a rest home may be established in the French Alps or on the Riviera. Part of this budget will be raised by college and sustaining memberships. No membership fee will be required of the man on service. The rest, it is hoped, will come from individual subscriptions.

The plan appeals to us as an excellent one.

GERMAN PEACE

For peace that's made in Germany the allies do not care; it would be cheap and vermin, not warranted to wear. The peace the kaiser's pondering, and planning with a gun, would surely fade in laundering, the colors all would run. This war! The world is hating it, but peace would be more punk, with Germany dictating it, and handing out the bunk. The allies are much wiser dumb, and wielding sword and creese, than arguing with kaiserdom about the terms of peace. When peace again is given us, and people know repose, and war's red dog, that's driven us, back to its kennel goes, that peace must be no platitudes no phrases neatly turned, of wide and yielding latitude, to be ignored or spurned. No paper written gaudily, whose terms may be withstood, no fabric woven shoddily, or "something just as good." When gentle peace has come again, it must have come to stay; no king shall make things bum again by starting up a fray. The peace that comes from Germany would last till Kaiser Bill should once again determine he was strong enough to kill.

PUBLIC LIBRARY WILL BE OPEN SUNDAYS

Board Believes That Many Will Avail Themselves of Opportunity of Using Library Sunday Afternoons During Coming Winter Months.

The regular meeting of the Jacksonville public library board was held at the library Tuesday afternoon. The librarian's report showed that during the month of October seventy-one adult new cards and nineteen registrations and seventeen new juvenile cards were issued. A total circulation of 5,157 books was recorded divided as follows: juvenile 1,141; adult, 3,006; hospital, 114; Capps, 73, schools, 823. If it had not been for the work done thru the schools, the circulation would not have been as large as in October as it was last year. With the school work there is an increase, 5,157 books sent out this year and 4,962 books sent out last year during the same month. Mr. Rodin from the Chicago Public Library has suggested that local history in connection with this great war was very important. Realizing that now is the time to begin collecting such material, the librarian has begun a scrap book of clippings to contain the lists of the draft, letters from the boys who have gone to the front, etc. Miss Ausbury is doing the work, she has a number of photographs promised, and will endeavor to make the collection as complete as possible.

The members of the board deemed it advisable to have the library open Sunday afternoons during the winter months from two to five o'clock. This will enable many to take advantage of the opportunities presented at this institution in the way of study or reading on this day. It is expected that beginning next Sunday a number will use the library on Sunday afternoons.

No other business of importance was considered by the board.

Jacksonville lodge No. 570, A. F. & A. M., will hold a special meeting to night at 7:30.

WOMEN REGISTER TODAY
For weeks a campaign has been in progress urging upon women the patriotic duty of registering in compliance with the request of the national and state governments. Today, Wednesday, Nov. 7th, was the official date selected for this registration work and as a result of the day's efforts the government hopes to have correct lists of the names of several million women giving such details as will aid the government in assigning various duties during the days of the war. There is a registration fee of 10 cents, but payment is a voluntary matter and inability to pay need not keep women from registering. No doubt the list compiled for Morgan county will be very comprehensive for a great majority of the women here have manifested their interest in the work.

SPECIAL PRAYER SERVICES

When Dr. Hanley closed the revival services Sunday night it was while people in the audience with uplifted hand had promised to attend mid-week prayer services in the churches. The evangelist said "Now I have given you something to do and it is a good time for me to leave." In accordance with this rather unique farewell the ministers of the various churches that had part in the union service have made special preparations for the prayer meetings tonight. It is expected that many chairs heretofore vacant will have occupants.

Dr. E. B. Landis has arranged for a meeting of the church session following the prayer service at Westminster church tonight. The prayer service will be in preparation for communion next Sunday and the session will be prepared to meet any persons who are planning to join the church, either by confession of faith or by letter.

SHERMAN WILL BOOST
FOR ARMY Y. M. C. A.

Illinois Senator Coming Sunday to Make Address—Is Thoroughly Interested in Work Y. M. C. A. is Now Doing.

Next Sunday, Senator L. Y. Sherman will visit Jacksonville to aid in the campaign for the army Y. M. C. A. fund. Senator Sherman will make an address at the opera house at 3 o'clock in the afternoon, and without a doubt a large attendance will be present. Senator Sherman is one of the most eloquent of speakers and he is especially in earnest about the army Y. M. C. A. work. His position at the national capital has given him an opportunity to observe the army Y. M. C. A. work in this country and overseas and he asserts that the Y. M. C. A. is an important and forceful agency in preserving the morale of the soldiers and in safeguarding them. Furthermore, the army Y. M. C. A. work provides for soldiers many of the comforts and touches of home and makes it possible to have each man feel that Americans are thoroughly interested in his welfare.

Mention has previously been made of the coming of Mr. Hart, a Canadian soldier whose severe wounds caused his retirements from trench service abroad. Mr. Hart will be the first man to come to Jacksonville who has engaged in actual service at the front. He lost an arm from wounds received while going over the top in the battle of the Somme. Now he is going from city to city telling his story to assemblages of college students. Here he will address students of Illinois college and of Illinois Woman's college and will also appear at a meeting for women to be held at the public library. By action of the general campaign committee an executive committee was recently named to take direct charge of the work of raising Y. M. C. A. war fund in Morgan county. This committee is made up as follows: Dr. C. H. Rammelkamp, chairman; Dr. J. R. Harker, vice-chairman; E. E. Crabtree, M. F. Dunlap, O. P. Thompson, H. J. Rodgers, J. S. Findley, W. G. Goebel and Mrs. William Floreth. The following committees have also been named:

Publicity and press—H. M. Andre, chairman; C. H. Weber, W. D. Doying and J. W. Walton.

Headquarters and luncheon—W.

Too Sick

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

Convincing Proof of This Fact.

Ridgway, Penn. — "I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old."

—Mrs. O. M. RHINES, Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga. — "I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited." —Mrs. W. E. LINDSEY, R. R. 3, Tennille, Ga.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

JAPAN AND U. S. REACH AGREEMENT

Regarding Relation to China and Arrive at Clear Understanding Regarding War Co-operation.

WASHINGTON, Nov. 6.—Japan and the United States have reached a complete agreement in relation to China and at the same time have arrived at a clear understanding as to military, naval and economic co-operation in the war against Germany.

This momentous development was announced today by Secretary Lansing who made public notes exchanged by him and Viscount Ishii, the special Japanese ambassador formally regarding an agreement recognizing that Japan has a special interest in China but pledging the independence and territorial integrity of that great eastern republic and reaffirming the doctrine of the "open door" for commerce and industry.

"In a statement accompanying the note Mr. Lansing said Viscount Ishii and the members of his mission, now on their way home, had performed a service of the highest value to the United States as well as to Japan, by clearing away misunderstandings which if unchecked, promised to develop a serious situation in the far east. He spoke of an attitude of contempt and doubt fostered by a campaign of falsehood and secretly carried on by the Germans and said that through the frankness and cordiality of the Japanese commissioners, the propaganda of years had been undone in a few days.

Following is the state department's announcement:

"On Friday, November 2, 1917, the secretary of state and Viscount Ishii, the special Japanese ambassador, exchanged at the department of state the following notes dealing with the policy of the United States and Japan in regard to China:

"Department of State, Washington, Nov. 2, 1917.

"I have the honor to communicate to you my understanding of the agreement reached by us in our recent conversations touching the questions of mutual interest to our governments relating to the republic of China.

"In order to silence mischievous reports that have from time to time been circulated, it is believed by us that a public announcement, once more of the desires and intentions shared by our two governments with regard to China is advisable.

"The governments of the United States and Japan recognize that territorial proximity creates special relations between countries and consequently, the government of the United States recognizes that Japan has special interests in China, particularly in the part to which her possessions are contiguous.

"The territorial sovereignty of China, nevertheless, remains unimpaired and the government of the United States has every confidence in the repeated assurances of the imperial Japanese government that while geographical position gives Japan special interests there, they have no desire to discriminate against the trade of other nations or to disregard the commercial rights heretofore granted by China in treaties with other powers.

"The governments of the United States and Japan deny that they have any purpose to infringe in any way the independence of territorial integrity of China and they declare, furthermore, that they always adhere to

the principle of the so-called "open door" or equal opportunity for commerce and industry in China.

"Moreover, they mutually declare that they are opposed to the acquisition by any government of any special rights or privileges that would affect the independence or territorial integrity of China or that would deny to the subjects or citizens of any country the full enjoyment of equal opportunity in the commerce and industry of China.

"I shall be glad to have your excellency confirm this understanding of the agreement reached by us."

(Signed) Robert Lansing.

(Washington, Nov. 2, 1917.

"Sir:

"I have the honor to acknowledge the receipt of your note of today, communicating to me your understanding of the agreement reached by us in our recent conversations touching the questions of mutual interest to our governments relating to the Republic of China.

"I am happy to be able to confirm to you, under authorization of my government the understanding in question set forth in the following terms:

(Here the special ambassador repeats the language of the agreement given in Secretary Lansing's note.)

(Signed) "K. Ishii."

In his statement accompanying the announcement Secretary Lansing said: "Viscount Ishii and the other Japanese commissioners who are now on their way back to their country have performed a service to the United States as well as to Japan which is of the highest value."

"There had unquestionably been growing up between the peoples of the two countries a feeling of suspicion as to the motives inducing the activities of the other in the far east, a feeling which, if unchecked, promised to develop a serious situation. Rumors and reports of improper intentions were increasing and were more and more believed.

"The attitude of constraint and doubt thus created was fostered and encouraged by the campaign of falsehood which for a long time had been adroitly and secretly carried on by Germans, whose government, as a part of its foreign policy desired especially to so alienate this country and Japan that it would be at the chosen time no difficult task to cause a rupture of their good relations.

The visit of Viscount Ishii and his colleagues has accomplished a great change of opinion in this country. By frankly denouncing the evil influences which have been at work by openly proclaiming that the policy of Japan is not one of aggression, the representatives of Japan have cleared the diplomatic atmosphere. In a few days the propaganda of years has been undone and both nations are now able to see how near they came to being led into the trap which had been skillfully set for them.

"The principal result of the negotiations was the mutual understanding which was reached as to the principles governing the policies of the two governments in relation to China. This understanding not only contains a re-affirmation of the 'open door' policy, but introduces a principle of non-interference with the sovereignty and territorial rights of China, which, generally applied, is essential to perpetual international peace as clearly declared by President Wilson and which is the very foundation also of Pan-Americanism as interpreted by this government.

The Japanese commission expressed Japan's earnest desire to co-operate with this country in waging war against the German government. Complete and satisfactory understandings upon the matter of naval co-operation in the Pacific for the purpose of attaining the common object against Germany and her allies have been reached."

No American principle has been sacrificed in this agreement in the opinion of the officials, as the United States government itself in the cases of Mexico, Cuba and other American republics and in the Monroe Doctrine itself has been foremost in the assertion of the doctrine of special privileges by reasons of the geographic and economic relations.

Though only hinted at in Secretary Lansing's statement it is known that the Germans had calculated to weaken the American campaign against Germany in Europe by obliging the Washington government to keep at home a large section of the United States army and to maintain in the Pacific waters a numerous American naval fleet, to guard against an invasion from Japan.

Now it is believed that the United States not only can deal with the prosecution of the war with a freer hand but that Japan will be able to greatly augment the efforts she has been making to sweep the Pacific and Indian Oceans clear of German raiders; to aid the allied navies in the Mediterranean and possibly even to employ Japanese troops in the campaign against Germany.

TO START INSURANCE SELLING CAMPAIGN

Washington, Nov. 6.—The greatest insurance selling campaign in history will be undertaken soon by the government to induce every soldier and sailor to buy life insurance policies provided at low rates under the recent act of congress.

Thousands of insurance agents and other public spirited citizens will be enlisted in the movement to preach the gospel of government life insurance among civilian populations on the theory that pressure from home will be necessary to persuade many soldiers to subscribe and that most of America's future soldiers shall be civilians.

About 20,000 applications for insurance have been received, mainly from the Rainbow division of national guardsmen.

PLAN TO SUPPLY AMERICAN PRISONERS

WASHINGTON, Nov. 6.—As the first step in the plans to supply necessities to American soldiers and sailors who may be captured and confined in German prison camps, the disbursing agent of the Red Cross at Berne, Switzerland, will be supplied with 4500 tons of food immediately. This will comprise 1,800,000 individual rations or enough to feed ten thousand men adequately for six months. From Berne the food will be sent at stated intervals in ten pound packages to the several prison camps in Germany.

As to whether these food supplies reach prisoners in Germany as intended, Red Cross officials here say the records of the English and the French systems show that loss has been practically negligible.

ORDERS RESTRICTED DISTRICT CLOSED

Pine Bluff, Ark., Nov. 6.—The city council has ordered the closing of the restricted district in Pine Bluff and all occupants must leave by January 1. This action was taken after a federal vice-commissioner said that because many soldiers from Camp Pike were visiting this city the war department desired the district closed.

HYLAN ELECTED MAYOR OF NEW YORK

(Continued from Page 1.)

ality of 27,000 running as a Democrat.

Mayor Mitchell's Statement.

After spending Judge Hyman a telegram of congratulation on his election Mayor Mitchell made this statement:

"All good citizens owe to the new administration the same co-operation which they have accorded the present administration. With our nation at war there is no room for division at home. The people have selected Judge Hyman as their representative to co-ordinate the city's energies with those of the nation. Everyone will wish Judge Hyman the largest measure of success in discharging the great responsibility which now is his."

Mr. Hillquit contended that the Socialists had elected ten aldermen and several assemblymen.

"Personally, I am highly gratified with the result of the election," he said. "It shows that the Socialist vote has increased about 500 per cent and it has established the Socialist party as an important and permanent factor in politics of the city."

Usual Majority in Virginia.

Richmond, Va., Nov. 6.—The Democratic state ticket received the usual majority in today's general election, scattering returns tonight from over the state indicated. Westmoreland Davis was believed to have a majority of 30,000 for governor over Thomas J. Muncy, Republican and Frank A. Smith, Independent Socialist.

The Democrats apparently had gained three seats in the lower house of the assembly. This gain would give the Democrats a majority of 94 on joint ballot.

Pennsylvania.

Oil City, Pa., Nov. 6.—Unofficial returns from the 28th congressional district show Beshline (Demo.) leading Lyons, (Rep.) for congress by about 1,200 majority with Mercer county yet to report.

Drys Claim New Mexico.

Albuquerque, N. M., Nov. 6.—Prohibition headquarters late tonight claimed that New Mexico had joined the prohibition ranks by a majority of 120,000.

Semi-official returns were available from only 57 of 638 precincts in the state. They gave for prohibition, 6,277; against 3,355.

Returns Slow.

Albuquerque, N. M., Nov. 6.—Returns on today's prohibition election were slow in coming in. In the first five precincts to report all but one of which were in Bernalillo county (Albuquerque) gave:

For prohibition 251
Against prohibition 172

Drys Leading in New Mexico.

Albuquerque, N. M., Nov. 6.—Returns from 47 precincts in New Mexico for prohibition, 5,204; and against 2,647.

Socialists Showed Under.

Chicago, Nov. 6.—A bi-partisan ticket returning the sitting judges of the county bench to office today defeated by an estimated plurality of 80,000 votes, a Socialist ticket, which was charged with having appealed to an anti-American and anti-war sentiment. Most of the wards with a large German population returned a heavy vote against the Socialists. In the portions of the county outside of the city of Chicago, the German settlements voted for the Socialists.

Adopts Commission Form.

East St. Louis, Ill., Nov. 6.—East St. Louis today by a vote of two to one, adopted the commission form of government. Only about one third of the voters cast their ballots at the polls.

Out of a total of 7,238 votes cast there were 4,784 votes for the commission form of municipal control and 2,454 votes against it.

Republican Elected.

Bridgeport, Nov. 6.—Schuyler Merritt, Republican of Stamford was today elected to congress in the fourth Connecticut district over Lynn Wilson, Democrat, to fill the vacancy made by the death recently of Ebenezer J. Hill, a Republican.

Close Race in Ohio.

Cincinnati, O., Nov. 6.—As the larger cities of the state were heard from the majority that the drys had established early in the evening began to dwindle somewhat and the prohibition election developed into what appeared to be the closest race in years. Both sides are claiming the victory. With 2,934 precincts heard from out of 5,756 in Ohio the vote stood:

For Prohibition 265,201
Against Prohibition 252,603

Wets Have Slight Lead.

Cincinnati, O., Nov. 6.—Returns from 3,807 out of 5,756 precincts in Ohio on prohibition give for prohibition 337,272; against 338,793.

Included in this vote are 359 precincts from Cuyahoga county giving 26,763 for prohibition and 46,711 against and 409 precincts from Hamilton county giving 17,770 for and 62,451 against.

Local Option Issue Blocked.

Trenton, N. J., Nov. 6.—Midnight indications were that a Republican senate and house have been elected, but by Essex county electing a Democratic assembly ticket it will be impossible to pass a local option bill this winter. Local option was the chief issue in the campaign.

TEN PER CENT PREMIUM ON PENNIES

Spokane, Wash. Nov. 6.—National bank announced today that it would pay ten per cent premium on pennies which people would bring in to it. The bankers said they were unable to get enough one cent pieces to supply the demand.

WORLD'S RECORD BROKEN

Newark, N. J., Nov. 6.—Charles Elinghausen broke the world's record for surf casting at the tournament of the Newark Bait and Fly Casting club here today with a cast of 435 feet. This betters a record which has stood for 20 years.

THREE COUNTIES FAVOR ROAD IMPROVEMENT

Sangamon, Mason and Menard Vote to Issue Bonds Totalling Approximately \$600,000.

Springfield, Ill., Nov. 6.—Three downstate Illinois counties—Sangamon, Mason and Menard—voted bond issues for road improvement totalling approximately \$600,000 today. The moneys thus realized will be supplemented by state and federal funds. The Sangamon county bond issue was \$600,000.

The unofficial vote was as follows:

Sangamon
For 4526
Against 3240

Mason
For 1519
Against 1015

Menard
For 1654
Against 601

Cook county was the only other county voting on the proposition today. Others will ballot later.

MANY POTATOES WASTED DAILY

CHICAGO, Nov. 6.—Orrin K. Earl, a local commission merchant, asserted today that \$5,000 worth of good potatoes "that should be saved" have gone to the food dumps daily for a long time. This was in part explanation of the charges made within the past two days that large quantities of potatoes, cabbage, onions and sugar beets have been allowed to freeze and rot, being subsequently relegated to a dumping ground.

Mr. Earl says hundreds of bushels of potatoes are put into cars, apparently sound, but in reality frost bitten. Arriving at their destination they are sorted by employees of the commission who discard all the doubtful vegetables. The result is the accumulation that has started charges of food destruction with a possible investigation by federal operatives.

"I've known as high as five carloads of potatoes to go to the dumps in a day," declared Mr. Earl. "Some times as high as twenty per cent have been thrown out. By proper system of sorting almost all the vegetables could have been of some use."

Estimates are that Chicago is now receiving 75 carloads of potatoes daily. The government asks heavy loading which means about 800 to 900 bushels to the car.

Robert W. Childs, special attorney general in charge of the investigation continued his work today.

GERMAN PEACE RUMORS REPORTED

LONDON, Nov. 6.—The Amsterdam correspondent of the Exchange Telegraph company cables that wild peace rumors were current on the Bourse there yesterday, it being reported that the central powers would make offers of peace before December 1 in the shape of a proposal for a preparatory conference at Berne. According to the rumors, each belligerent will be asked to send two delegates. Germany selects Prince Von Buelow, former chancellor, and Dr. Karl Helfferich, vice-chancellor.

BIRTH RATE IN GERMANY DECREASING

COPENHAGEN, Nov. 6.—The birth rate in Hamburg, Germany, according to the latest weekly statistics has fallen below 7.7 per thousand and as compared with 9.1 during the first week of June, which itself was highly alarming. There were more than 50 per cent more deaths than births during the week altho the mortality is still somewhat lower than June owing to the improvement in food conditions thru the availability of fresh vegetables.

FINNISH COMMISSIONER ARRIVES IN THE U. S.

An Atlantic Port, Nov. 6.—Dr. Carl Ignatius, who because of his intimacy with economic and political conditions in Finland was appointed a special commissioner of the Finnish government to further negotiations with the United States for the shipment of flour and grain to that country arrived here today aboard a Scandinavian steamship. Flour and grain are urgently needed thruout Finland, he said, because of the inability of Russia to spare an adequate supply from her stores.

Dr. Ignatius will make an appeal to President Wilson. He hopes to obtain a license for shipment of 60,000 tons of flour already purchased here.

KAISER'S MAN POWER NEARLY EXHAUSTED

Washington, Nov. 6.—Cable reports reaching here from Switzerland say Germany has reached the crisis so far as her man power is concerned.

For three years according to these despatches Germany has lost on an average of 1,200,000 men annually, and this number will at least be equalled in 1918. It is contended that to continue the war on the same scale for another year the Germans must have at their command a reserve of at least 2,000,000 men whereas they actually will have a reserve of only one and one half million, including youths of the class of 1920.

ONE FAMILY IN EVERY THREE SIGN PLEDGES

Washington, Nov. 6.—One family out of every three in the United States has pledged support to the food administration's plan for voluntary food conservation. Reports tonight at headquarters here show that the total enrollment for the country is 7,496,544, but returns still are coming in and officials expect the ten million mark to be reached.

ASTRONOMERS PREPARE TO OBSERVE ECLIPSE

Total Eclipse of the Sun Will Occur June 8, 1918. Visible to Strip Across U. S.—Partial Eclipse Will be Visible Thruout the Country.

Denver, Colo., Nov. 6.—Astronomers throughout the country already are preparing for the work of observing the total eclipse of the sun, which will occur June 8, 1918, and which will be visible in its totality along a sixty mile strip extending across the United States from the southwestern corner of the state of Washington on the Pacific coast to Florida on the Atlantic. Astronomers consider themselves unusually fortunate in their opportunity for observing this eclipse, one of seven visible in the United States during the present century, in that the center line of this 60-mile strip passes within four miles of the observatory of Denver University, where photographs

of the corona of the sun will be taken with the aid of the great telescope which is equipped with a twenty-inch lens.

According to Dean Herbert A. Howe, head of the Department of Astronomy at Denver University this is the first time that the path of a total eclipse has touched an observatory containing a telescope of this size and astronomers are hopeful of learning more definitely the composition of the sun's corona, which appears as a great glow around the sun when the solar body is obscured entirely by the moon.

Only Favorable Region.

"The altitude of the Rocky mountain region is particularly favorable to observations," said Dean Howe, and astronomers from all parts of the United States are preparing to make observations in this vicinity. Because of the moisture in the air on the Pacific coast as well as the low altitude there and at points east of Colorado, the Rocky mountain region is virtually the only place where satisfactory observations can be made."

Prof. Edwin B. Frost, director of the Yerkes observatory of the University of Chicago, already has made arrangements to use the facilities of Denver University for making his observations and now is constructing special apparatus to be used in connection with the telescopic equipment here.

To guard against unfavorable weather conditions here, another expedition from the Yerkes observatory will be stationed at Green River, Wyo., which also is near the center line of the path of the eclipse. There will not be another total eclipse visible in the United States until 1945.

Will Photograph Corona.

Two hours, fifteen minutes and 21.5 seconds will elapse from the time the moon first intervenes between the sun and the earth and the sun will be totally obscured for a period of 88.7 seconds. It is during this brief period of less than a minute and a half that the astronomers will do their most important work. Photographs will be taken of the corona and of the spectrum as well as the prominence of the sun. These prominences, it has been established, are projections of incandescent hydrogen extending millions of miles into space and which appears as a brilliant scarlet flame when the sun is obscured. The composition of the corona is a matter of conjecture among astronomers.

The corona as well as the prominences, Dean Howe explained, should be visible to the naked eye to persons within the 60-mile belt of totality and should be seen to advantage with the use of an ordinary field or opera glass.

Altho the eclipse will be total only in the narrow belt extending from Washington to Florida, a partial eclipse will be visible thruout the country. The United States is virtually the only place the total eclipse will be visible.

Dean Howe is preparing to take telescopic photographs of the field around the sun especially to confirm or disprove the existence of a planet, called Vulcan, said to be travelling in an orbit so close to the sun that it is extremely difficult to see even during an eclipse.

BRITISH CASUALTY LIST.

London, Nov. 6.—British casualties reported during the week ending today totaled 21,891 officers and men as follows:
Killed or died of wounds—Officers 241; men 4,976.
Wounded or missing—Officers 813; men 15,861.

COUNT FIFTY! PAINS AND NEURALGIA GONE

Instant Relief! Rub This Nerve Torture and Misery Right Out with "St. Jacobs Oil"

Rub this soothing, penetrating oil right into the sore, inflamed nerves, and like magic—neuralgia disappears. "St. Jacobs Oil" conquers pain. It is a harmless "neuralgia relief" which doesn't burn or discolor the skin.

Don't suffer! It's so needless. Get a small trial bottle from any drug store and gently rub the "aching nerves" and in just a moment you will be absolutely free from pain and suffering.

No difference whether your pain or neuralgia is in the face, head or any part of the body you get instant relief with this old-time, honest pain destroyer—it cannot injure.—Adv.

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give it When Feverish, Cross, Bilious, For Bad Breath or Sour Stomach

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

RAILROADS FIGHT FOR FREIGHT INCREASES

Washington, Nov. 6.—Another phase of the fight of the eastern railroads for increases in freight rates which brought the executive heads of various great trunk line systems to Washington for yesterday's hearing before the interstate commerce commission was inaugurated today when Examiner Disque, by direction of the commission began a series of hearings on separate rate schedules involved in the case. The railroads are asking not only the complete horizontal fifteen per cent increase which they sought previously and were partly denied in the commission's decision last spring, but are urging further increases on the ground that the fifteen per cent advance now would be inadequate to meet the mounting costs of war time railway operation.

The separate hearings began today with a presentation of the case of Colorado, the Rocky mountain anthracite coal. Other hearings this and next week will concern petroleum, grain, lumber and cement.

INTELLIGENCE BUREAU STARTS INVESTIGATION

Chicago, Nov. 6.—The intelligence bureau of the Central Department of the army early started an investigation of the sources of telephone calls received by parents of men in army service, in every instance the information being offered that the men have been killed while being transported to France.

The latest complaint was received from Mrs. Mary Langford who said she had been told by telephone that her son was dead, the name of the transport being mentioned. Upon the receipt of a letter from her son telling of his safe arrival in France, Mrs. Langford notified the army officers here.

MINISTER OF WAR GRANTED LEAVE

Petrograd, Nov. 6.—General Verkhovsky, the minister of war, has been granted an indefinite leave of absence by a government order which relieves him of his office. General Manikovsky has been appointed acting war minister temporarily while the department will be under the general direction of Premier Kerensky.

General Verkhovsky, the Russian war minister, has been a member of the cabinet since Sept. 6. He has been a strong advocate of better discipline in the Russian army and has endeavored to introduce reforms. On September 23 he told the Democratic congress that a final victory over Germany was certain if discipline was restored in the Russian army. In an address to the preliminary parliament on Oct. 25 he urged re-organization of the army and the authorization of severe punishment for delinquents.

REQUESTED NOT TO EXECUTE MILITARY ORDER

Petrograd, Nov. 5 (Monday)—Leon Trozky, president of the Central Executive Committee of the Petrograd Council of Soldiers' and Workmen's delegates, today sent a request to the Petrograd garrison not to execute any military orders except those approved and signed by the soldiers and workmen's revolutionary military committee. Simultaneously the committee sent military commissioners to all the important points in and around Petrograd.

The afternoon papers interpret this action as an attack by the Maximalists to seize political power. The papers believe, however, that the government has decided to combat vigorously any such attempt.

DISSATISFIED WITH EXPLANATIONS

Paris, Nov. 6.—Captain Mangin Boquet, Judge advocate attached to the second Paris court martial is dissatisfied with the explanations made by M. Paix-Seailles, one of Premier Painleve's subordinates, has charged him formally with having communicated confidential state documents to an unauthorized person. M. Paix-Seailles' name was mentioned last week in connection with a secret document concerning the situation of the Saloniki army which was found in the safe of the Bonnet Rouge whose editor, Miguel Almeraya died in prison after being arrested on the charge of sedition.

Six Aluminum Dessert Molds

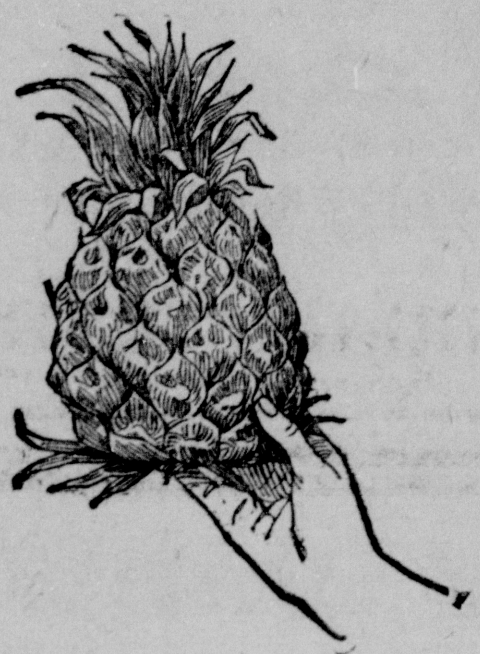

Usual Price 60 Cents

To Every Woman
One Week Only
 Mail Coupon Before November 10

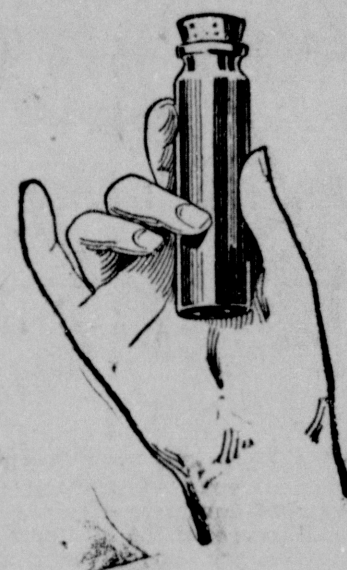

To every housewife in this section we make this offer, but for one week only. It will never be made again. It is made to show you the delights of Jiffy-Jell, which will change your whole conception of quick gelatine desserts.

Our offer is this: Buy at your grocery six packages of Jiffy-Jell—the flavors you prefer. Then send us the coupon below, with 10 cents to pay postage and packing. We will then mail you six aluminum molds—molds that sell for 60 cents—all one shape or assorted.

Please accept this offer. It is good for this week only, and will save you 50 cents. The molds will last a lifetime for serving dainty jells in attractive form.

Jiffy-Jell

For Desserts and Salads

Real Fruit Flavors Sealed in Glass

Or add fruit, if you wish—chocolate, nuts, whipped cream, etc. Thus you can make fifty kinds of desserts. A single package costing 12½ cents—supplies the whole family.

No Scalded Flavors

Jiffy-Jell flavors cannot deteriorate, because they are sealed in glass.

They are not scalded in making Jiffy-Jell. You add the flavor when the jell has partly cooled. You do not get a cooked-fruit flavor, as with old-time products. You get no artificial flavors. All fruit flavors are made from fruit. You get flavors which are impossible when flavor is mixed with the gelatine. All fine flavors must be bottled to keep fresh.

You will be amazed when you know how much this means. And we make this offer so you may know at once.

The gelatine we use—Waukesha gelatine—is made by the owners of Jiffy-Jell. It is a very rare grade, which costs twice as much as the common. It is used in no other quick dessert.

Our Free Mold Offer

Good For One Week Only

We want every home in this section to know this extra-grade dessert. It will be a revelation, bringing you a new conception of these fruity, quick desserts.

We want you to try various flavors, to know which ones you like best. So we make this offer, good for one week only—a very expensive offer.

Buy at your grocery six packages of Jiffy-Jell, assorted flavors. Then mail us the coupon below, enclosing ten cents to cover postage and packing. We will mail you then six jelly molds, made of pure aluminum, in assorted shapes. These molds will last a lifetime. The usual price is 60 cents for this set of six.

Please accept this offer now. It will not be repeated. It will reveal a new delight to you, and give you molds for serving. But be sure you get Jiffy-Jell like the package in the coupon. No other jelly dessert is made in this quality. No other has fruit flavors in vials.

A recipe book will be mailed with the molds.

Extra-Grade Desserts

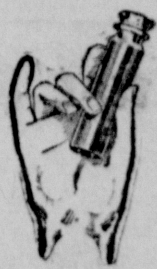

This offer is made to introduce a new delight to thousands of additional homes.

It is an extra-grade quick gelatine dessert.

It is the only quick dessert made with Waukesha gelatine—a rare and costly grade.

It is the only dessert with true fruit flavors in sealed vials, so it tastes like fresh, ripe fruit.

It is the final creation of Otis E. Glidden, for 17 years the leading gelatine expert.

Real Fruit Creations

Each package of Jiffy-Jell contains a glass vial. In that glass vial is an essence of fruit juice, made from fresh, ripe fruit. The flavor is highly concentrated. Half a ripe pineapple, for instance, is used in the flavor for one dessert.

So Jiffy-Jell desserts have a wealth of rich flavor. They taste like crushed-fruit dainties. You have never before tasted anything like them in a gelatine dessert.

Fifty Instant Delights

With Jiffy-Jell on hand, there are fifty kinds of dainties always at your command. Most of them are instantly prepared.

Simply add boiling water. Add nothing else but the vial of flavor, and you have a wonderful fruity dessert. Cool in these molds, when you get them, and you have numerous inviting forms.

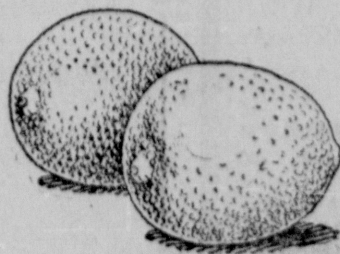

Salads and Garnishes

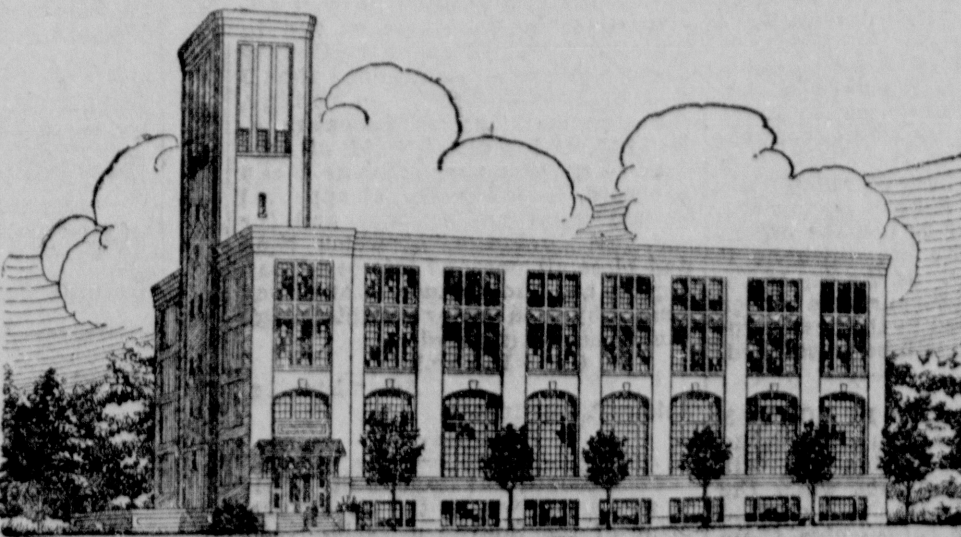

Then there is a mint flavor, made from fresh mint leaves. It gives to Jiffy-Jell a wealth of fresh mint flavor.

With it you can make an instant garnish jell for cold meats. Or you can make a mint sauce if you wish.

There is Lime Jiffy-Jell, with flavor made from lime fruit. It makes a salad jell, tart, zesty, green. Serve it with your salad. Mix it in. Or mix the salad articles into the jell before cooling. It doubles the volume of a salad, and doubles its delights.

The Jiffy-Jell factory is the finest food plant in America. It is built amid the Waukesha springs. There Jiffy-Jell is made under ideal conditions. And under the personal direction of Otis E. Glidden, the famous gelatine expert.

TRIP TO HOSPITAL NARROWLY ESCAPED

"I'm sure that Tanlac is going to save me a hospital bill of at least \$100 this spring," Mrs. Bertha J. Mace, wife of a well known Jacksonville cigar maker, who lives at 408 South Main street, said on April 24.

"Every spring and fall for the last three years," Mrs. Mace continued, "I have suffered from stomach and liver trouble. Each time I would have to go to the hospital. In the spring my liver would become very sluggish. My kidneys also would become affected. Sharp, shooting pains came in my stomach, so severe that I thought I couldn't stand them. It was almost impossible for me to sleep at night and I was nervous and irritable all the time.

"I decided to try Tanlac after I had learned how many Jacksonville people had been aided by the new medicine. Well sir, I simply feel fine now. I'm able to work in the garden and can do all my housework now

without the least trouble. My liver and kidney trouble had been greatly relieved. The pains in my stomach have ceased to bother me, too. I'm anxious to have all my friends know what a fine medicine Tanlac really is.

There is no time when Tanlac can be taken to better advantage than right now. In the spring all mankind, after weathering the storms of winter is in need of an uplifting tonic. Tanlac is designed to overcome this trouble and is doing so in hundreds of cases in this city and vicinity.

Tanlac is now being introduced and explained in Jacksonville at Coover & Shreve's drug stores. It also may be obtained in the following nearby towns: Waverly, Wyle Drug Co.; New Berlin, New Berlin Drug Co.; Ashland, H. O. Brownback; Versailles, A. G. Bates; Chapin, F. P. McKinney.—Adv.

BELIEVES ARGENTINA SHOULD DECLARE WAR

Statement of Former Argentine Minister of Foreign Affairs Causes Widespread Discussion—Says Continuance of Present Relations is Serious Wrong.

Buenos Aires. (Correspondence of The Associated Press).—Argentina and all the Americas should declare war upon Germany, declares Dr. Luis M. Drago, formerly Argentine minister of foreign affairs, in a statement he has issued concerning the revelation that Count Luxburg, the former German ambassador, had proposed to the German government that Argentine ships be "sunk without trace."

Dr. Rrago is one of the leading statesmen of Argentina, an internationally known jurist and author of the "Drago doctrine." Much of the strength of the movement in Argentina to break off diplomatic relations with Germany is a development of the widespread discussion of Dr. Drago's statement. In it he said: "Count Luxburg's telegram cannot be considered exclusively as an individual act only affecting himself personally. It is the result of an intimate collaboration between him and his government. It is not merely the minister accredited to the Argentine government who has ceased to be persona grata to this country; it is the German government itself which, having received the monstrous counsel to sink Argentine ships without leaving any trace, is directly responsible for the excesses of its agents who, for a long time after the date of the telegram, has continued to fulfill his dual function of diplomatic envoy and of spy, working in combination with the Swedish legation.

Good Faith was Abused

"The German government appears to have received with complacency the secret communications of the agent who treated us so contemptuously, judging from the fact that it maintained and supported him in his post, completing through his intermediation the settlement by means of which the good faith of our foreign office has been abused.

"It is not unreasonable to suppose that the ruthless counsel of the minister has been applied to the steamer Curumalan—Argentine-owned, and flying the Argentine flag—which disappeared mysteriously leaving no trace some months ago on its journey between Liverpool and Bahia Blanca, with a cargo of coal. There is every reason to believe, moreover, that the recent explanation and promises of Germany responded to no other intention than that of being able to maintain here its great South American espionage agency, with the assistance of the Swedish legation; so that if again now, Germany were to offer us new explanations and renewed protestations of friendship, that would only mean that some other or all motive induced such an attitude.

Impossible to Maintain Relations

"If, many months ago, I considered decidedly that we ought to break with Germany when that nation declared its illegal blockade, with much more reason today, am I convinced that it is impossible to maintain cordial relations with a country which makes use of such methods and such agents. To break off our relations with Germany, besides being in keeping with the national dignity, would place us in line with the great democratic nations of the world and would strengthen our bonds of union with the sister republics of this continent. The action of the Argentine government in continuing relations with the German government is a serious wrong.

"The Argentine Republic should have followed the example of the United States and declared war against Germany when the United States declared war. Having failed in this, I should now show its historic sympathy for the Pan-American movement and especially its friendship for the United States, and follow the policy of the United States. All the Americans are now united to perpetuate that liberty which they won by helping each other one hundred years ago, and all should declare war on Germany, whose government is a common enemy of all who strive for freedom and truth."

The Argentine senate and chamber of deputies voted late in September in favor of a rupture of diplomatic relations with Germany. Soon afterward it was stated that President Irigoyen was preparing a message to the Argentine congress contending that it was impossible to break off relations with Germany because of the Luxburg incident and that the Argentine government considered that the affair had been adjusted by the explanation of the German foreign office. Subsequently this was denied but the Argentine foreign minister, Honorio Pueyrredon, said early in October that the Argentine government was not prepared to follow the action of Uruguay in severing relations to Germany.

TO RESTRICT GASOLINE CONSUMPTION

London.—The complete suppression of pleasure riding by automobile, and the restriction of gasoline consumption to strictly necessary purposes, is aimed at in a series of new petrol regulations just issued. After November 1, it will be illegal for any automobile owner to drive his car merely for his private convenience.

If a policeman sees an automobile standing outside a hotel or theatre, it will be his duty to find the owner and investigate the use which he is making of his car. If the car is being used for any purposes other than those provided by the new regulations, the owner will be prosecuted.

PICKPOCKETS BUSY IN LONDON

London.—Pickpockets are reaping a rich harvest in London this fall, especially on raid nights, when the crowds gathered in tube stations and various places of refuge give them an unusual opportunity.

INTERNAL REFORMS IN BAVARIA PROMISED

President of Council of Ministers Denies that Country is Making Separate Reply to Papal Peace Note—Outlines Peace Aims.

Munich, Bavaria. (Correspondence of The Associated Press).—Denial that Bavaria is making a separate reply to the Papal peace note, was pursuing an independent policy and was not in agreement with the other states of the German Empire was made by Count Von Hertling, president of the Bavarian Council of Ministers, in a speech delivered recently before the Main Committee of the Bavarian Chamber of Deputies.

Count Von Hertling asserted that the contrary is the case. The Bavarian King's action in sending a separate reply to the Pope was intended, he said, to indicate Bavaria's full support of the policy of the German Empire. He proceeded to outline some of Bavaria's peace aims.

"In Belgium we propose to proceed with moderation," he said, "and in full consideration with the wishes of the Belgian people. The surrender of Alsace-Lorraine is under no circumstances to be thought of, and the majority of the population of the two provinces would not welcome such action. A decision in the matter of the form of government to be given Alsace-Lorraine cannot be arrived at in a hurry. An autonomous federated state cannot be created in a moment, like a shot fired from a gun."

Rertling closed his speech with a promise of certain internal reforms for Bavaria. "I am planning," he said, "for a more intimate co-operation between the Government and the Chambers of deputies, and I am prepared to receive suggestions to this end."

In the Bavarian reply to the Pope, which has been referred to in the German newspapers as having caused "some uneasiness," the assertion was made that: "Nothing could lie further from the peace-loving German nation and its government than the thought of an attack on other nations and the effort to extend its territory by violence. For no victory and no gain of territory could in its eyes, even in the most distant degree, counterbalance the fearful horrors of a war and the annihilation of ethical and economical values necessarily connected with it. The policy of the German Emperor and of the imperial government, which always had in view the preservation and assurance of peace often to the very limit of what was compatible with German interests, therefore met always with the fullest approval of the German nation and its chosen representatives."

VILLA FOLLOWERS DYNAMITE TRAIN

JUAREZ, Mex., Nov. 6.—Villa followers dynamited a northbound passenger train on the Mexican Central railroad at Arriaga Station, fifty miles south of Chihuahua Sunday. Sixty federal train guards were killed, a number of passengers were wounded and 110 bars of silver bullion belonging to an American mining company were taken. The passengers on the train were robbed and several executed, according to Americans who arrived here today on the train from Chihuahua City.

The federal major in command of the train escort was brought to Chihuahua City Monday badly wounded. He witnessed the execution of a number of his men after being left for dead beside the railroad track. He said Silvestre Quevedo and Martin Lopez, former Villa officers were in command and it was believed Villa himself was near the scene of the attack.

AMERICAN IN CLEVER RETORT

Base American Flotilla in British Waters.—When the American destroyers arrived at this Irish port the natives were puzzled by the appearance of their steel decks which were painted a bright red. So when the first American came ashore, an Irishman made bold to ask, "what makes your decks so red?" "Why they're red hot from the speed we made coming over," was the quick reply. The story has become one of the pet yarns of this port.

GOVERNOR LOWDEN AT CAMP LOGAN

CAMP LOGAN, Houston, Texas, Nov. 6.—Governor Frank O. Lowden and Adjutant General Dickson, of Illinois, arrived here today to inspect the Illinois men in Camp here. Col. Milton J. Foreman, of the 122nd field artillery (formerly the First Illinois Cavalry) met them at New Orleans and escorted them into Camp.

Mrs. Lowden and Mrs. Dickson, who came by a shorter route, were on hand to welcome them.

To Stop Hair Loss and Rid Your Scalp of Dandruff, Use NEWBRO'S HERPICIDE

Do you have dandruff? Does your hair fall out? Is it getting thinner and the parting more pronounced every day? If so, we advise you to get busy right away and before it is too late.

We are not trying to scare you. We are simply telling you the truth. If you would ward off impending baldness you must check that hair loss and rid your scalp of dandruff.

Start right and start now with the right remedy at hand to it—Newbro's Herpicide.

Use Herpicide daily for a while, then three times a week will be sufficient. Watch the change which takes place in the condition of your hair and scalp.

The scalp is clean and free from dandruff. The hair looks strong and healthy and does not fall out. There is vigor and snap where before the hair was dead, dull and brittle. The itching which is so annoying stops and you enjoy a feeling of coolness and cleanliness hitherto unknown.

Any dealer will sell you Newbro's Herpicide either in 50 cent or \$1.00 size. It is guaranteed by The Herpicide Co. The first application will convince you that Newbro's Herpicide is the very thing for the hair. Its odor is delightful. Applications may be obtained at the better barber shops and hair dressing parlors.

Hair Will Start To Grow Fast

"You Will See a Difference in Length of Your Hair in a Few Days," Says Valeska Suratt, the Movie Queen.

BY VALESKA SURATT

IN all my experience I have never experienced anything so remarkable in the whole category of beauty art as the results achieved by a certain hair formula, which I have given to many of my friends, who have reported most startling results. It forces hair to grow at once, and the difference is very quickly noted. I want you to try it. This makes over a pint of this wonderful hair grower for your drugstore for a one-ounce package of beta-quinol, and mix this with one pint of hot water, or if preferred with one-half pint each of water and alcohol. This is exceedingly economical. It will make the poorest hair grow profusely.

MISS G. G.—You can find nothing better for a head-wash and shampoo than a mixture of one teaspoonful of beta-quinol in half a cup of water. It cleans hair and scalp better than anything else known. You can get enough error for twenty-five cents to last a good many weeks.

MISS M. O. N.—A really wonderful way, and the easiest and quickest way to remove superfluous hairs is to dissolve them. This is done by moistening the hairs with a solution, which you can get at any drug store for one dollar. This never leaves a scar or red spot, always works, whether the hair is very thick or downy, and on the most delicate skin. It is the only safe way, and is exceedingly simple and quick.

MRS. O. G. H.—To get rid of that disagreeable chalkiness in nearly all face powders, I have had my own face powder made specially. It is now sold

as "Valeska Suratt Face Powder" at drug stores for fifty cents. I defy you to find a powder more exquisite in fineness.

BLUE EYES.—If there is anything that will develop the bust, it is this safe formula, though of course success can never be positively assured in every case. Two ounces of rutone and half a cup of sugar are dissolved in a pint of water. Of this mixture take two teaspoonfuls after meals and on retiring.

WHY—Hereafter, if your druggist hasn't got the epil for wrinkles and the beta-quinol for the hair, just send fifty cents, which is the price of either of them, to the Secretary to Valeska Suratt, Thompson Building, Chicago, Ill., and my secretary will supply you by mail at once.

AGING.—I can guarantee you will get rid of those wrinkles, crows' feet and forehead wrinkles in only a few days, you can be sure of that. Make your own cream at home, as follows: It produces the most remarkable results you can imagine. Mix two ounces of epil and two tablespoonfuls of glycerine in half a pint of water. Use the cream lavishly and you'll get wonderful results. I have known startling effects to be obtained with this cream on very wrinkled faces in a week. The skin turns fresh, plump and youthful and a difference of many years in appearance is soon noticed even by yourself. To obtain this result you must use the cream faithfully and every day, applying it thick.

ALL OVER.—It is the easiest thing you can imagine to get rid of blackheads. They can be removed in a few minutes and if you doubt it, just get some powdered nioxin at the drug store for fifty cents and mix with two tablespoonfuls of glycerine in a pint of water. Your youthful appearance will surprise your friends.

Worth More

It's surprising—likewise gratifying to know that one can still get a splendid, serviceable waist for \$1.00.

The cost of everything that goes into the making of these waists has radically advanced—but the price remains the same.

Tremendous growth in sales with large resulting economies in making have kept the quality up—the price down.

The new styles are Seasonable and particularly appropriate for wear at this time of the year.

DEMANDS THAT AUSTRIA ACT AS PEACE MAKER

Leader of Hungarian Independence
Party Voices Significant Statement
of Peace Feeling in Hungary.

Amsterdam. — A demand that
Austria-Hungary should undertake
the role of peace maker between
Germany and the Entente powers
was voiced by Count Michael Karolyi
leader of the Hungarian Independ-
ence Party, in an address he deliv-
ered recently to his constituents at
Cegled, according to advices receiv-
ed here. His utterance is regarded
as the most significant recent state-
ment of the peace feeling in Hun-
gary. He said:

"It is no good discussing any
peace except one based upon agree-
ment and fortified by a durable or-
ganization. To fight for a peace by
conquest which only conceals fur-
ther hatred and the thought of revenge
is not worth while, for that would
be a mere truce.

"Above all, the question arises
who would be the most suited to
play the part of peace-mediator.
From a practical point of view we
must recognize that this role can
only be taken over by a Government.
The Socialists, as also the Pope, may
co-operate in inclining public opinion
to peace but in the end only the
powers can negotiate peace.

The first demand for negotiations is that
all parties should agree in repudi-
ating all intention of conquest, and
then a certain elasticity is required
which is not at the disposal of every
State. It is further necessary that
the negotiating state should not
stand at the centre of hostility, and
that it should have at its disposal
the necessary weight of influence.

"The small neutral States are not
suitable. But as the great powers
are all participating parties, we must
ascertain which of the great powers
the enemy would be most ready to
believe to have no intention of con-
quest. There is only one such great
power, the Austria-Hungarian mon-
archy; everyone can believe that it
has no purpose of conquest, not only
because it has declared this, but be-
cause everyone knows that it is not
in its interest in view of its com-
position to make annexations. As more-
over, it has never pursued a colonial
policy, this question cannot form
any obstacle. Even if at the begin-
ning the aim of Carlism was to con-
quer Constantinople by way of the
monarchy, yet this Pan-Slavism has
no actuality since the collapse of
Carlism.

"For all these reasons Austria-
Hungary should take the negotiation
of peace in hand."

**SPECTACULAR ESCAPE OF
WAR PRISONERS**

Paris. — (Correspondence). — One
of the most spectacular escapes of
prisoners of war recently occurred
on the Saloniki front where four
French soldiers who had been taken
prisoners by the Bulgarians were
carried back to their own lines in
airplanes. After their capture the
four men were tightly bound but
their captors forgot to search them.
During the night one of the men
succeeded in freeing himself with
his pocket knife and he then liber-
ated his three comrades. The men
eluded the sentries and fled into
the woods. For three weeks the men
hid themselves in the woods, living
on wild berries.

Finally they sighted a French air-
plane and after repeated signals
succeeded in attracting the attention
of the aviator who made a landing
not far from where the men were
hiding. They explained their plight
and the aviator asked them to wait
until he returned. A few hours later
he came back with three other
machines and all four prisoners were
carried back to the French lines.

**CHICAGO MAN IS GUARD
IN GREECE**

Athens. — There is a man with a
withered arm standing guard at
the door of Premier Venizelos, head
of the Greek government. As Veni-
zelos is partial toward Crete, it
was thought this man was from
Crete. But when inquiry was made,
he replied:

"No, not from Crete, but from
Chicago, Illinois."

He explained that he was one of
the great crowd of Greeks who had
left America when the last Balkan
war began. Of the 300,000 men
Greece put in the field at that
time, some 57,000 came from Amer-
ica, thus forming about one-fifth of
the whole Greek army.

"I went through all that Balkan
fighting and never got a scratch
until the last day," said the guard
at Venizelos' door, showing his
withered arm. "A large share of
the men from America were killed,
wounded or sick, but I escaped it
all until the very last day when a
ball in the shoulder ended the use
of this arm."

Most of the men from America
who survived the Balkan wars, he
said, had remained in Greece, for
they had earned enough money on
the other side of the ocean to per-
mit them to stay here in comfort.

For Tired Women With Aching Heads

"They help me so much and I find relief as soon as I begin taking your Foley Kidney Pills," Mrs. Frank E. Wood, Morrill, Maine, R. F. D. No. 2. Sometimes it seems as if you can't read the pain across your back. It is just making your life miserable and robbing you of all energy and strength. When you are constantly tired, head aches, aching nerves, "on fire," kidney action painful and burning, then is the time to start in at once on Foley Kidney Pills. They strengthen the weak, calling the powers, revive their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are purely medicinal and contain no harmful drugs.

SELF DEFENSE

DEFEAT BACKACHE AND KIDNEY TROUBLE WITH ANURIC.

Many Illinois people have suffered from rheumatism and kidney trouble and have found that Anuric was the most successful remedy to overcome these painful and dangerous ailments.

The lucky people are those who have suffered, but who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's called "Anuric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as Bright's disease, diabetes or stone in the bladder.

To overcome these distressing conditions you should take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water and at each meal, take Dr. Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of Anuric, as are thousands of your neighbors.

Send Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package.

CHICAGO, ILL.—"I was very sick. Had backache and spineache. I had used a number of remedies. Finally, I began taking Dr. Pierce's Anuric Tablets, and they have helped me very much. I have also used Dr. Pierce's Pleasant Pellets, and they are wonderfully active in their work. I am feeling well and robust and have the strength of ten. To all who are similarly afflicted, I cheerfully recommend the use of Dr. Pierce's Medicine."

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, drabby, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the ravages of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, pallor, pale complexion, "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system. Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing strength to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powerful and potent effect of this tonic is not needed by hypoferrin women and girls. Their blood, filled with nature's gifts, stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks. No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone. Hypoferrin may be had at your druggist or direct from us for \$1.60 per package. It is well worth the price. The Santal Remedies Co., Cincinnati, Ohio.

THE ADMINISTRATIVE CODE SUMMARIZED

Former Attorney General of State Compares Present Illinois Business System With That Formerly in Vogue.

(By Wm. H. Stead.)

If I were asked to summarize the administrative code in a single sentence I would say it is modern business gumption applied to state affairs.

Under the old system we had too many boards and commissions. There were over a hundred. If a law was passed which failed to create a new one it was an oversight. Six different boards in one way or another enforced the health laws. Every penny institution and every normal school had a commission of its own. Every activity—from running a railroad to fitting an eye glass—had a separate board. We had boards for the birds, boards for the bees, boards for the bugs, boards for the barbers, boards for the hogs, and boards to register the pedigrees of stallions. All of these agencies were more or less independent. In many instances jurisdiction was concurrent. The result was that responsibility was divided; duties overlapped, authority clashed. Thru the cumbersome machinery of these hundred state boards, effort was duplicated; energy was wasted; efficiency was lost—and the taxpayer settled the bills.

The Dominant Ideas.

The dominant ideas of the administrative code are centralization, cooperation, supervision and a state budget. For administrative purposes, the executive branch of the state government so far as it pertains to the duties of Governor, is divided by the code into nine departments. All of these departments are, in principle, alike. Each has an executive officer, called a director. Other officers are provided, but the director prescribes their duties. The powers of a director are broad and his authority is far-reaching. He sustains practically the same relations to a department that a general manager does to a railroad. He shapes policies, and directs activities. He is responsible to the Governor for results—and the Governor is responsible to the people. Each department combines related activities. It marshals scattered forces. It consolidates the powers of multiplied agencies. The department of registration supplants sixteen different boards. In the department of public works are vested all the powers and duties of the superintendent of printing, the public monument boards, the several waterway commissions, the state park commission and the state highway commission. The old boards and commissions are abolished. They expired last July. A large number of mourners attended the last rites. Some of them are wearing crape yet.

Cooperation Compulsory.

In private business fixed responsibility insures successful management. Combined agencies mean economy. Related energies mean efficiency. The theory of this code is that the principles underlying success in private business will make for success in public affairs. Under this code, cooperation is compulsory. On the farm we used to change work. When Smith was rushed or short of hands Jones sent over his hired man. When Jones got crowded Smith did like-

wise. The result was that all the rush work was done without extra help or added expense. The same principle runs thru this code. All the employees of each department are subject to service in any other department and without extra pay. In other words, the departments change work. They are doing it now. I know it because employees in my own department are helping out other directors. It means economy. Incidentally it means that a state job has ceased to be a sinecure.

Supervision over State Finances.
The administrative code provides for intelligent supervision over state finances. Under the old system there were no adequate checks upon the expenditures of the state money. Furthermore, the methods thru which the expenditures were incurred were wasteful and out of date. They were hand to mouth methods. If a private concern had adopted such methods, bankruptcy would have followed in ninety days. The code embodies economic principles. It centralizes all purchasing power in a single agency. The department of public works now does the buying for all the departments under this mode. Its purchases annually run into millions. It buys in large quantities. It gets wholesale prices and trade discounts. The department of finance supervises expenditures. The powers of the state auditor are limited. If a bill is properly certified and the auditor believes the appropriation is legal, he issues a warrant for the amount of the bill. The finance department does more. It concerns itself with the whys and wherefores. It passes on the merits. Its O. K. means that the state has received the value of its money.

The Budget System.

The code provides for a state budget. Each department, institution and executive officer, must file with the director of finance, not later than the first day of November preceding the convening of the general assembly, detailed estimates of all appropriation for the next biennium and explain in writing the necessity for each item. The director of finance is given two months to consider these estimates. He can adopt them, revise them or reject them altogether. He must then file with the Governor his estimates of revenues and appropriations for all state purposes, for the next two fiscal years.

Within a month after the organization of the general assembly, the Governor is required to submit a state budget, recommending, in detail, the amounts to be appropriated to all the offices, departments and institutions of the state. Under the old system appropriations were largely guesswork. It was not the fault of any particular legislature—it was due to the system. Under a budget, appropriations will be based upon intelligent investigation and will be measured by the state's needs.

AN INTERESTING PLACE OF LEARNING

Blue Grass School Well Situated and Equipped.

Among the romantic names of school houses districts in this country is one about nine miles east of the city called "Blue Grass." We do not know that the grass is any bluer there than anywhere else but certain it is that blue grass is a great asset in Morgan county as well as in Kentucky. The writer has known farmers who have raised colts for two years without feeding them a particle of anything but depending on blue grass even in the winter time, and it is consequently very valuable. Blue Grass school house is fittingly named for that reason. It is finely located on the crest of a hill just off the state road and is in good shape. It has a cupola, which is rather unusual in country school houses, and has been remodeled to conform with the law in the matter of heat, light and desks. The school house is surrounded with a good sized playground and shaded with some noble native trees, so that the children have good chance to exercise and shade when the weather is warm. It is situated on a beautiful spot and can be seen for a long distance.

The teacher, Miss Loretta Bergschneider, is enthusiastic in her work and has the love of her pupils, which is a great desideratum. The directors are Messrs. Andrew Harris, Marion Zachary and Fred Walbaum. The school is supplied with a reasonably good library, maps and charts, a dictionary and reference encyclopedia. Probably the next thing the directors get will be some pictures of eminent men and prominent scenes, which will make a very attractive outfit. The basement of the building is concreted so that the children have a place to stretch themselves when the weather is bad. A short time since the writer had the pleasure of a visit at that school and can say several things about those pupils. In the first place they kept the very best of order. They were polite in their demeanor and even went so far as to unhitch the horse and put the strap in the buggy when the visitor was leaving. Their good manners were very gratifying. The visitor told them about some far away lands and the children paid good attention and asked a good number of questions when the talk was over. Even some of the little folks had several inquiries to make, which was pleasing indeed. The entire visit was very pleasant in every respect and the visitor went away with happy recollections of Blue Grass school. The pupils are:

Clyde Zachary, Russell Trotter, John Becker, Howard Becker, Arvel Becker, Alfred Coe, Charley Walbaum, John Walbaum, Booker Robinson, George Robinson, Bernard Courier, Earl Dobby, Mayo Dobby, James Dobby, Paul Jackson, Frank Mitchell, Ella Robinson, Hazel Becker, Louise Zachary, Gladys Walbaum, Barbara Walbaum, Frances Walbaum, Lucile Courier, Leona Robinson, Bessie Coe, Ora Mitchell, Ida Mitchell, Emma Coe and Dorothy Horner.

Columbia Grafonola and Columbia Records

"Ask all the questions you wish"

The more questions you ask about the Columbia Grafonola the better.

You are to have the Grafonola in your home. You and your family will enjoy the music. You know the instrument that plays music the way you want it played. You are the judge and jury. You are the one to be satisfied. So the Columbia dealer wants you to go the limit and "ask all the questions you wish."

Learn the joy of buying a phonograph the Columbia way. No hurry. No rush. Listen to as many records of your own selection as you wish.

Play them on the different models

of instruments yourself. Compare Columbia Grafonolas with other instruments for brilliance and mellowness of tone-reproduction. Compare them as examples of beautiful specimens of the cabinet-maker's art.

If you want to try the Columbia Grafonola at home in the very setting in which it will be played, any Columbia dealer will gladly arrange such a trial for you.

If you knew all your dealer knows and will gladly tell you about the Columbia, you would not let a single day pass without the pleasure and enjoyment a Columbia Grafonola will bring to your home.

Columbia Grafonolas are made in a large number of models, with the widest range of prices in the phonograph field.

W. E. CRANE HAS HEAVY WORK WITH WAR BOARD

Is Serving As Fuel and Railroad Expert—All Questions Regarding Export of Certain Commodities Under His Authority.

In writing to a Jacksonville friend W. E. Crane, who is now serving with the war trade board in Washington, D. C., has given some interesting facts about the work which the board is directing. The war trade board was created a few weeks since by an executive order and Vance McCormick was named chairman and he is reporting direct to President Wilson. The war trade board is much enlarged and has greater powers than the old administration board. The new board comprises the bureaus of exports, imports, transportation and enemy trade. Mr. Crane was appointed fuel and railroad expert for the war trade board. His duties relate to matters concerning railroads which come up between the war trade board and other government departments, including Dr. Garfield's fuel board and the foreign embassies.

No coal, coke fuel, oil or commodities of that class can be exported from the country to any destination without Mr. Crane's approval. As a further duty Mr. Crane represents the board in all matters between it and the American Railway association, and a special effort is being made to have orders issued in accordance with railroad usages, so that as little trouble as possible is caused the railroads in any embargo orders issued by the board.

During the first week he held this position Mr. Crane also had jurisdiction with reference to the handling of copper, brass and metals except steel, but this work is to be delegated to some other officer, as Mr. Crane finds it impossible to perform all of the work which the dual office requires. He has been working constantly at his task in the war department board office for 16 to 18 hours a day seven days a week ever since he entered upon the position. As previously mentioned, Mr. Crane some time ago offered his services to the government without salary and subsequently went to Washington in response to a request from a representative of the government. Like a large number of other business men with broad experience, he is very willing to make personal affairs secondary in his patriotic effort to be of service to the government.

DESCRIBE GERMAN BUSINESS TRICKERIES

WASHINGTON, Nov. 6.—German business trickeries to dominate the Turkish markets are described in a bulletin issued today by the bureau of foreign and domestic commerce. The Germans are master imitators according to the author of the report, Consul General G. B. Ravndal, formerly at Constantinople, who, dealing particularly with hardware says American products in normal times are sold not directly to Turkish distributors, but thru a few firms in Hamburg and Bremen which have branches in New York. Some times American articles on one page and German imitations on the other with the advantages of reduced price and quick delivery of the German goods conspicuously indicated.

Despite these conditions the American products gained an important position in Turkey before the war, solely on their merits.

GERMAN CONSUL GENERAL ARRIVES AT U. S. PORT

AN ATLANTIC PORT, Nov. 6.—Wilhelm Erythropel, late consul general of Germany at San Jose, Costa Rica, who arrived here tonight on an American steamship with his wife and two children was taken in charge by officials of the department of justice. It is understood he will leave the country with a party of German diplomats and consular agents from other countries which have severed relations with Germany and who are being concentrated in the United States preparatory to sailing for home.

Immediately upon his arrival Erythropel was taken in charge by an agent of the department of justice. No one was allowed to communicate with him and his baggage was subjected to rigid examination.

LITTLE ILLNESS IN NATIONAL ARMY CAMPS

WASHINGTON, Nov. 6.—Col. Weston P. Chamberlain of the surgeon-general's office, announced today that there is "extremely little illness" at any of the five national army and four aviation camps in the middle west which he has recently inspected. The percentage of sick ranges from below one per cent to slightly below 2 per cent, except at Camp Pike, Little Rock, Ark., where it is considerably higher as the result of measles among the men. Colonel Chamberlain points out that in the army a man is classed as "sick" if he is excused from duty for even the slightest indisposition and that soldiers are placed in hospitals for trivial illnesses for which, in civil life they would not think of going to a hospital. The only serious disease reported at any of the camps, the colonel said was pneumonia and good results have been obtained in handling that, mortality rate in the camp with the greatest number of pneumonia patients being 7 per cent as against from 15 to 20 per cent in civil life.

ASK TO INCREASE TELEPHONE RATES

SPRINGFIELD, Ill., Nov. 6.—The petition of the Illinois Independent Telephone association, representing 66 companies in the state, for permission to increase telephone rates 25 cents a month was heard by the state public utilities commission today.

A provision in the petition says the increase would be returned to subscribers as a discount where bills were paid by the fifteenth of each month.

CHAMBERLAIN MURDER TRIAL NEXT MONTH

Richmond, Va., Nov. 6.—The case of Dr. Asa N. Chamberlain, charged with the murder of his brother, Albert P. Chamberlain, will be taken up at the next session of the Goochland county grand jury Dec. 10.

The brothers came here several years ago from Iowa and Oct. 22 Albert Chamberlain's dismembered body was found in his back yard. Both are more than sixty years old and are supposed to have quarreled over a debt.

ILLINOIS OFFERS NAVY RIFLE RANGE

SPRINGFIELD, Ill., Nov. 6.—Acting Governor John G. Oglesby tendered to the navy department today the use of the rifle range at Camp Logan, near Chicago, for the duration of the war without charge. The navy department had offered to pay \$100 a month for its use.

The range will be used by recruits at the Great Lakes naval training station.

M'GILLIVRAY ENLISTS.

Chicago, Nov. 6.—Perry McGillivray, captain of the swimming team that won the indoor swimming championship in 1916 and holder of many swimming medals, enlisted in the United States navy today. VICTIMS OF HOUSTON RIOT TESTIFY

San Antonio, Texas, Nov. 6.—Several victims of shooting at Houston, Texas on the night of August 23 when negro members of the twenty-fourth infantry caused a riot, hobbled into court today at the trial of sixty-three of the soldiers and told their stories of the attack. The negroes are being tried before court martial on charges of mutiny, murder and rioting. The riot resulted in twenty-two deaths.

Fred Schofield, still on crutches, told the most vivid story of all the witnesses. He was in an automobile with Earl Findlay and of Findlay being killed, of himself being wounded in both legs and left for dead and of later crawling back into the automobile and driving off toward a hospital with his dead companion.

"Get out of there," Schofield said negroes in a crowd numbering about 40 commanded after they had stopped the motor car. They raised their guns to shoot and I jumped out and dropped on my face in the ditch beside the road. My hat fell off and landed near me. In the darkness they thought the hat was on my head because they riddled it with bullets. I laid quiet and I suppose they thought I was dead, for one of them said 'on to victory, on to victory,' and they left."

HOUSE OF COMMONS DISCUSSES PEACE MOTION

LONDON, Nov. 6.—Members of the house of commons today discussed a peace motion proposed by Hastings B. Lees-Smith, one of the founders of Ruskin College, Oxford. The motion, which is supported by the Pacifist group, declared:

"This house is of the opinion, providing satisfactory guarantees can be obtained with regard to the independence and restoration of Belgium and the evacuation of occupied territory, that no obstacle should be placed in the way of preliminaries towards negotiations for a peace settlement which ought to embody an equitable solution of the problem of Alsace-Lorraine and of devising the enforcement of effective international machinery for the avoidance of future wars."

A. J. Balfour, the British foreign secretary, is expected to reply to the motion.

HEALTH INSPECTOR EMBARRASSED SPITTER

CHICAGO, Nov. 6.—A man spat on the sidewalk here today. Another man with a contrivance like a fire extinguisher strapped to his back tapped him on the shoulder, pressed a button, and from a hose directed a squirt of disinfectant at the moist spot on the walk. Then he of the disinfectant handed the offender a card which said the health department was in earnest about checking the spread of disease through expectoration, and proceeded on his way to embarrass other spitters in a way they were not likely to forget. Meanwhile a surprised crowd cheered. The crusader was Jacob Hagopian, a health inspector.

C. E. Heaton of St. Louis was renewing business acquaintances in Jacksonville yesterday.

IMPORTS OF CHEMICAL PULP INCREASE

WASHINGTON, Nov. 6.—Imports of chemical pulp for the manufacture of paper during the first eight months of the present year show a substantial increase over the same period of 1916. Figures announced today by the federal trade commission show that 293,951 tons have been imported this year as compared with 242,930 tons imported during the first eight months of last year.

—YOUNGBLOOD—

A Halloween party was enjoyed at the home of John Smyth Wednesday evening.

John Snyder of Alexander visited friends in this community Wednesday.

Mr. and Mrs. Luther Crawford spent Sunday with Green Dalton and family.

Mr. and Mrs. Moses Seymour have returned home from Camp Taylor, Kentucky, where they went to visit their son Homer.

Thomas Miner has sold his store to Wm. Steele.

Some twenty eight neighbor men and boys gathered at the home of Green Dalton Wednesday afternoon and chopped wood, as he and his son L. E. have been confined to their home by illness the past two months. Needless to say the action was very much appreciated by the family.

RETURN FROM EAST.

Dr. A. L. Adams has returned from a visit to Chicago and various points in the east. In Chicago Dr. Adams attended the sessions of the American College of Surgeons, from Chicago he went to Pittsburgh for the two days session of the American Academy of Ophthalmologists and Oto-Laryngologists. Later Dr. Adams went to Saranac Lake, N. Y. to accompany home his daughter, Miss Helen, who has been in Trudau sanitarium for the past 14 months. Miss Adams' friends will find pleasure in knowing that she has been discharged from the sanitarium.

FUNERAL NOTICE

Funeral services for Mrs. Mary Thompson will be held at 1:30 o'clock this afternoon at Arcadia at the church. Burial will be made in the Arcadia cemetery.

A COSTLY DOOR

Howard Zahra is having placed at the entrance to his garage a large door which will cost approximately \$400. The mechanism is such that a person in the office may touch a button and the door will swing open and a touch on another button will cause it to close. That is the part that alone costs \$300, and it will be a great convenience.

WILL MEET TODAY

The Social meeting of the Ladies Aid Society of Central Christian Church will be held this afternoon at the church parlors.

THERE are men and women who, because their feet require shoes made on a corrective last, feel they have to wear homely shoes.

We would like to talk to all these people and show them a few points about Walk-Over shoes.

Admitted to be leaders in stylish shoes, the Walk-Over factories devote time and brains to making shoes that fit and are comfortable at the same time. For both men and women, they have designed a corrective series of models that gradually educate the muscles of a weak foot to where it can wear a proper-looking and proper-fitting shoe. We have fitted thousands of shoes to thousands of feet and have given satisfaction.

We are equipped to do it. Let us tell you.

MRS. MAYES DIED AT HOME NEAR BLUFFS

Deceased Had Been Ill Only Few Days—News From Bluffs.

Bluffs, Nov. 6.—Mrs. Rebecca Mayes, widow of the late Bradshaw Mayes, died at her home west of town Sunday evening after an illness of a few days, aged 72 years. Funeral services will be held at the family residence Wednesday at 2 P. M., the Rev. George Haas of Naples officiating. The obituary will appear later.

A wagon and team driven by Mrs. William Johnson, Sunday, became unmanageable and after throwing her out of the wagon ran from the M. E. church to the Dr. Heese office building where they collided, breaking the glass from the door and large window in front. The frame and glass from the doctor's diploma which hung near the door was broken. The team was caught without any further damage being done.

Mr. and Mrs. Greenlee Simmons have moved their household goods to Beardsdown where they will reside.

P. M. Green and wife and Addis Fuson and Miss Bernice Wolford were speeding in the former's Ford Sunday evening when it turned over on its side quite suddenly, throwing

the occupants out. All escaped unhurt but the car was badly damaged.

Dr. J. H. Fountain of Chapin was called here Sunday by the serious illness of Mrs. Helen Augustine who is somewhat improved at this time.

Miss Lily Sears who returned from Denver, Col., for a short visit with her mother, returned to that city a few days ago.

Ogden Sears, son of the late Harry Sears was taken to the hospital in Jacksonville Sunday where he was operated upon for appendicitis Monday. He was accompanied by his mother, Mrs. Ella Sears.

ART ASSOCIATION RECEIVES PORTRAIT

Interesting Meeting Held Tuesday Evening—Portrait of Dr. David Strawn by Gari Melchers is Presented—Accepted on Behalf of the Association by Mrs. T. J. Pitner—Report of Treasurer Read.

The regular session of the Art Association held Tuesday evening proved of great interest to the members present. A number of reports were made and the audience gave close attention to the program. The feature of the evening was the presentation of a portrait of Dr. Strawn to the association. It was accepted on behalf of the association by Mrs. T. J. Pitner.

Mrs. Mary T. Carriel presided at the meeting and gave an interesting biography of Gari Melchers, an American artist who painted the portrait of Dr. David Strawn which he presented to the association. Mrs. Carriel prefaced her remarks with a few words of welcome. In her reference to Artist Melchers Mrs. Carriel showed a careful study of her subject and it revealed Mr. Melchers as one of the greatest artists in America. Mrs. Carriel also read a letter from Mr. Melchers.

Mrs. Pitner referring to the gift by Dr. David Strawn spoke as follows:

"The Art Association of Jacksonville is again the recipient of a magnificent gift from our great benefactor, Dr. David Strawn. Tonight we are met to receive from him this excellent portrait of himself painted by Gari Melchers.

"We are pleased to be the possessors of this great artist's work; but more proud that one of our own members has it in his heart to adorn our beautiful home, finished and furnished, for which we are already greatly indebted to him.

"We are to be congratulated that there is in our midst a man of such generous impulses in the field of art. Our city has many things for which it is justly proud; but we believe we would travel far to find a family more generous in all good movements. Dr. Strawn has shown himself to be a true son in his handsome gifts to our colleges and other public causes, as well as to many unrecorded charities.

"In these days of the reign of war, we should rejoice that we have in our home town a center that is helping to develop the finer qualities in us—a place where the reign of beauty and uplift hold sway. It is just such gifts as these that are an evidence of the love in man for the higher ideals and when the clouds that envelope the world today have cleared away we hope men's minds may be turned to the beautiful and ennobling things of this world.

"We are hoping for such an awakening and renewed interest in the Art Association in the future. Just a year ago we met in this house to accept it from Dr. Strawn, and now he has surprised us, quietly and unostentatiously with this wonderfully painted portrait.

Our words cannot express all our thoughts of appreciation and gratitude to the donor. But we do recognize him as our 'First Patron of Art.' Our joy in accepting this choice gift and placing it in our gallery is not alone for ourselves but for Jacksonville and the Art Association of the future. Such art will endure.

"May he stimulate others to imitate his example."

Gates Strawn treasurer made his report of the financial affairs of the association. The report showed that Dr. David Strawn after donating the building and grounds also gave all carpets and other furnishings. Dr. Strawn and Miss Lucetta Cawley also acted as custodians for the association and saved an expense of about \$900 a year.

The report set out that Dr. Strawn had given in property and furnishings to the Art Association a total of \$26,173.21. Interest accruing to the amount of \$1,050, it was suggested be used to purchase Liberty four per cent bonds.

WILSON IS RE-ELECTED TO COUNTY BOARD

DEFEATED F. J. SCHOLFIELD OF LYNNVILLE BY 196

Republicans Elect Justices and Constables in Jacksonville Precinct—Vote Given in Detail.

The election in Morgan county Tuesday resulted in the choice of David Wilson, Democrat, as a member of the county board to succeed himself. Mr. Wilson's majority over Fred J. Scholfield, Republican candidate, was 196. Considering the fact that this was an "off year" a good vote was polled. Three years ago when several county offices were filled Mr. Wilson defeated Allison Thompson, Republican candidate, by a majority of 37 votes.

The fact that this is considered normally a Democratic county, and further that Mr. Wilson's record in office has given general satisfaction, account for the majority in his favor. The high regard in which both Mr. Wilson and Mr. Scholfield are held in their home communities was indicated by the very heavy vote cast for Mr. Wilson in Nortonville and for Mr. Scholfield in Lynnville. The Republican candidate made a good race but had the disadvantage of going against a normal Democratic majority and an experienced opponent. The vote by precincts is given herewith.

THE THEATER TAX.

Manager Scott of Scott's Theater said Tuesday that there seemed to be a misunderstanding on the part of the public regarding the government tax on theater tickets. Mr. Scott said that some people are under the impression that there is no tax on a five cent ticket. However, the internal revenue collector has made it clear that the tax on a five cent ticket is one cent, the same as is paid on a ten cent ticket. Above ten cents the tax is one cent for each additional ten cents or fraction thereof. This must be paid by the patron as the theater owner is not permitted under the law to pay the tax to the government.

CLOSING OUT SALE.

Wednesday, Nov. 7, W. A. Tarzwell will sell 20 head of cattle, 60 head of hogs, 10 milk cows, farm machinery, etc., at his home 6 miles southwest of Jacksonville, beginning at 10 a. m.

Mrs. Woltman who suffered such a severe injury to her ankle a few weeks ago is able to be out but not to use the injured member any as yet. She is getting quite impatient to be around again but troubles of that kind mend slowly.

Y. M. C. A. WAR FUND
A fund of \$35,000.00 is being raised in the United States for the work of the Y. M. C. A. in the army. Every boy in the service appreciates the great work which this organization is doing for the comfort and happiness of the soldiers. The Young Men's Christian Association takes the place of the home and the church both in the camps and on the battle field.

The share of Morgan County in this fund is to be \$14,000. We hope our county will make a hearty and generous response to this appeal.

For the Executive Committee, C. H. Rammelkamp, Chairman, J. R. Harker, Vice-Chairman.

AT GRACE CHURCH
"The Armor of God," will be the theme of the Bible lesson at the Grace church prayer meeting at 7:30 this evening. Rededication six 10 to 20. Take a Bible and the Hanley-Fisher song book with you.
